PART I

GENERAL

Proceedings of the Government of Mysore

No. 5836-9—Mis. 1278, dated Bangalore, 1st November 1898.

Order.—The Government resolve that the Taluk Cutcherry at Bangalore should, as a permanent arrangement, be located in the buildings by the side of the District Office, which are now used as a hospital.

2. The Senior Surgeon has already been requested by the Dewan in person to take steps for the transfer of the hospital to the New Victoria Hospital buildings, a part of which can, it is understood, be made available for the purpose in a very short time. The Senior Surgeon will effect the transfer as quickly as possible, in communication with the Chief Engineer, and will hand over the buildings by the side of the District Office, when evacuated to the Deputy Commissioner of Bangalore, who will thereupon at once locate the Taluk Cutcherry. The Public Works Department will, in due course, carry out any small alterations required to these buildings to adopt them for use as a Taluk Cutcherry. Their occupation as a Taluk Cutcherry must, however, not be delayed, pending the completion of these alterations, as the removal of the Cutcherry from where it is now held is a measure urgently required on sanitary and other considerations. The Chief Engineer is requested to reduce the alterations to be undertaken to the minimum of actual requirements, in communication with the Deputy Commissioner, and to so carry them out as not to interfere with the use meanwhile of the buildings as a Taluk Cutcherry.

3. The Comptroller will arrange for the abolition of the Treasury attached to the Taluk Cutcherry, as a separate Taluk Treasury, so close to the District Treasury can easily be dispensed with, without any practical inconvenience. The Comptroller will submit for the approval of Government a copy of the detailed instructions to be issued by him for the abolition of the Taluk Treasury.

4. The Deputy Commissioner will submit for information, as early as possible, a report (with plan attached) showing the accommodation assigned and the various parts of the Taluk Cutcherry and connected offices and establishments.

Docket No. 239—284, dated the 7th October 1898, from the Deputy Commissioner, Chitaldrug district.

His docket No. 2554-55—Mis. 614, dated 24th August 1898, making certain observations in regard to the prevalence of cholera in the Davangere taluk, including Harihar range, and calling for a report of the action taken in the matter.

With reference to the above, has the honor to forward copy of letter No. 117, dated 24th ultimo, received from the Assistant Commissioner at Davangere, from which it will be seen that, during his recent visits of the cholera-stricken villages, he has adopted the necessary measures to arrest the spread of the disease and to improve the sanitation of the villages affected.

2. Begs to add that stringent orders have been issued to the Amildars concerned in the matter of enforcing the Sanitary Rules recently issued by Government, as observed in their Proceedings No. 4483-5—s. Mi1082, dated 29th ultimo.

Enclosure to the above.

With reference to your docket Nos. 237—61 and 287—69, dated the 27th August and 10th September 1898, I have the honor to report that I visited the villages badly affected with cholera, yesterday morning. The villages are clean and the wells from which the villagers obtain their supply of drinking water have either been permanganated or disinfected. Every endeavor is being made to arrest the progress of the disease. The Hospital Assistant at Malebennur frequently visits these villages; and the disease assumes an epidemic form for a fortnight or so, and then ceases to exist, and after an interval of a fortnight makes its appearance again.

Some of the villages were also inspected by the Civil Surgeon, Shimoga, and I would invite an inspection of the badly affected villages by the Assistant Surgeon at Chitaldrug.

No. 5852-54—Mis. 1283, dated Bangalore, 2nd November 1898.

Order thereon.—Recorded.

C. SREENIVASIENGAR, *Secy. to Govt., Gen. & Rev. Depts.*

To—The Deputy Commissioner, Chitaldrug District.
The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.
The Plague Commissioner in Mysore.

No. 6577-80—Mis. 1459, dated Bangalore, 25th November 1898.

Order.—Government are pleased to prescribe the following Revised Rules in regard to the Manufacture, Custody, and supply of stamps which shall come into force at once.

I.—PRELIMINARY.

1. The Huzur Treasury Officer (Khazana Bakshi) is appointed *ex-officio* Superintendent of Stamps, and as such shall have the custody, and be in charge of the counter-stamping and issue, of stamped papers of every description.

2. The office of Deputy Superintendent of Stamps is hereby abolished.

3. The Manufacture of Stamps shall be placed under the charge of a special officer, of the status of an Assistant Superintendent of Stamps who shall be designated "Officer in charge of Stamp Manufacture." He shall have the custody of the Dies, and shall be responsible for every detail connected with the Manufacture of Stamps, which shall be carried on under his direct supervision by the Supervisor of the Manufactory.

II.—MANUFACTURE OF STAMPS.

4. The Stamps to be manufactured shall be of three descriptions :—

General Stamps,
Court Fee Stamps, and
Receipt Stamps.

5. The cases containing water-marked paper of different descriptions shall, as soon as possible after their receipt, be opened, one by one, by the Store-keeper, and the contents thereof examined and counted in the presence of the Officer in charge of Stamp Manufacture, and classified and assorted into packets of 500 sheets each in the case of paper for General Stamps, and of 100 sheets each in the case of paper for Court Fee Labels and Receipt Stamps. After such classification and assortment the papers shall be brought to account, duly sealed in the presence of the Officer in charge of Stamp Manufacture, and placed in proper almirahs secured in a strong room under the joint lock and key of himself and of the Store-keeper.

6. No fresh cases of paper shall be opened until the contents of those already opened have been counted, brought to account and placed in stock as aforesaid, and no papers shall be issued for the manufacture of stamps except such as have been counted, brought to account and placed in stock.

7. The Store-keeper shall furnish security to the extent of Rs. 1,000, and shall maintain the following Registers connected with the Stock Branch in such forms as may be prescribed by the Comptroller :—

I Invoice Registers* for water-marked paper.
II Stock Registers* of water-marked paper.
III Registers* of papers issued for manufacture of stamps.
IV Registers* of papers found damaged on examination of Invoice (I).
V Register of private documents and cheque-books impressed.

8. The Officer in charge of Stamp Manufacture shall, within a week after the close of every month, forward to the Comptroller, extracts from the Invoice, Stock, and Damaged Paper Registers, showing the opening balances,

---

* Three of each kind :—
One for General Stamps,
" Court Fee Labels, and
" Receipt Stamps.

receipts and issues and closing balances for that month; the units being cases or bales of paper in the case of Invoice Registers, packets or reams of paper in the case of Stock Registers, and sheets of paper in the case of Damaged Paper Registers.

9. Issues of water-marked paper for the manufacture of stamps shall be in packets of 500 sheets each for General Stamps, and of 100 sheets each for Court Fee Stamps and Receipt Stamps.

10. The Supervisor of the Manufactory shall furnish security to the extent of Rs. 5,000.

11. The Manufacture of Stamps shall be carried on in the presence of the Supervisor of the Manufactory in the room and place set apart for the purpose, to and from which there shall be no ingress or egress without the knowledge or permission of the Officer in charge of Stamp Manufacture.

12. The Supervisor shall receive daily from the Officer in charge of Stamp Manufacture the Dies required for the day's work, and return them to him the same evening.

13. The Officer in charge of Stamp Manufacture shall take prompt steps to supply to the Central Depôt referred to in Part III of these Rules such manufactured stamps as may, from time to time, be indented for by the Superintendent of Stamps. He shall further see that the stamping machinery, plates and dies, and other tools are kept in working order and properly secured, that the papers required by the Supervisor of the Manufactory for daily work are carefully counted and issued by the Store-keeper, and that all manufactured stamps are handed over to the Central Depôt twice a week or oftener and the acknowledgment of the Superintendent of Stamps obtained for each delivery. Not more than 5,000 rupees worth of manufactured stamps shall be kept as balance in the hands of the Supervisor, all excess not delivered at the Central Depôt being secured in the Manufactory under the joint lock of the Officer in charge of Stamp Manufacture and the Supervisor.

14. The stamps manufactured shall be carefully counted by the Supervisor and assorted in packets of uniform size containing the number prescribed for different values and for different kinds; and the packets shall, before transmission to the Central Depôt, be duly sealed and signed by the Officer in charge of Stamp Manufacture and the Supervisor.

15. Documents presented to be stamped on the application of parties shall be accompanied by a receipt from the Superintendent of Stamps for the full value of the stamps to be impressed. The stamping of these documents shall be attended to at once and in priority to all other work.

16. One uniform colour shall be used when stamping cheque books with the One-Anna Receipt Stamp.

17. The following Registers shall be maintained by the Supervisor of the Manufactory in such forms as may be prescribed by the Comptroller :—

I Register of water-marked papers received from the Stores of the Stock Branch.
II Register of indents for manufactured stamps received from the Superintendent of Stamps.
III Progress Register of Manufacture.
IV Invoice Book.
V Register of damaged stamps.
VI Register of damaged paper.
VII Register of private documents and cheque-books impressed.

18. The following statements shall be prepared by the Officer in charge of Stamp Manufacture and forwarded to the Comptroller, within a week after the close of every month, *viz.*, (*a*) a statement showing the opening balance of water-marked paper on hand, the receipts during the month, the stamps manufactured, the stamps damaged, the water-marked paper damaged, and the closing balance of water-marked paper; (*b*) a statement showing the opening balance of stamps on hand, the stamps manufactured during the month, the stamps deli-

vered over to the Central Depôt, and the closing balance; (*c*) a statement showing the opening balance of damaged water-marked paper, receipts during the month, and closing balance; and (*d*) a statement similar to the one preceding for damaged stamps.

III.—CUSTODY AND SUPPLY OF STAMPS.

19. In connection with the custody and supply of manufactured stamps there shall be :—

(1) A Central Depôt at Bangalore.

(2) District and Taluk Depôts at the various Head-quarters of Districts and Taluks.

20. The Superintendent of Stamps shall be in charge of the Central Depôt for stamps of all descriptions.

21. The Deputy Commissioners, Treasury Department, and the Amildars in charge of Taluk Treasuries, shall be in charge of the District and Taluk Depôts respectively. The District and Taluk Officials employed therein, as well as all persons licensed or employed to sell stamps, shall be under the control of the Deputy Commissioners, who are responsible for the safe custody of all stamps received in the District and Taluk Depôts, and shall duly account for all such stamps and for the revenue realised therefrom.

22. There shall be maintained in the Central Depôt at all times a stock of stamps under each head sufficient for two years' consumption.

23. The Deputy Commissioners of Districts, Treasury Department, shall prepare and transmit to the Superintendent of Stamps, not later than the 31st December in each year, indents for the supply of the various descriptions of stamps needed for the following official year, commencing from the 1st of July. The Superintendent shall thereupon prepare a general consolidated indent and forward a copy of the same to the Officer in charge of Stamp Manufacture for compliance.

24. It shall be the duty of the Superintendent to keep the District Depôts regularly supplied with stamps on indents received, and to take charge of the stamps brought from the Stamp Manufactory.

25. Immediately after the receipt of stamps from the Manufactory, they shall be counted and made up into sealed packets of prescribed sizes containing the prescribed number of sheets, and they shall be placed in proper receptacles in the Treasury strog room, free from contact with any of the walls. Each receptacle shall be secured by two Chubbs' locks, the key of one lock being in the sole custody of the Superintendent of Stamps and the key of the other in that of the Treasurer.

26. The Superintendent of Stamps shall be responsible that all precautions are taken to prevent damage being caused to the stamps under his care by white ants or other vermin.

27. Stamps shall not be taken out or counted over for counterstamping except in the presence of both the Superintendent and the Treasurer of the Huzur Treasury. The number and value of the stamps taken out of the double lock Store for counterstamping shall be entered at the time of issue in the proper Store Register by the Supervisor of the Central Depôt in whose presence all counterstamping shall be effected.

28. Such of the stamps as have been counter-stamped during the day, but not despatched to the Districts, and also the stamps, if any, remaining to be counter-stamped, shall be deposited the same evening in the Treasury for safe custody till the ensuing morning in a box properly sealed, of which the key shall be with the Supervisor.

29. At the end of each day's work, the counter-stamping dies, &c., shall also be sealed and deposited in the Treasury for safe custody, to be re-issued the next morning for work.

30. The Supervisor of the Central Depôt shall furnish security to the extent of Rs. 5,000, and shall, under the immediate orders of the Superintendent, attend to the counter-stamping, counting, and despatch, duly sealed, of all stamps intended for the District and Taluk Depôts.

31. The following Registers shall be maintained by the Supervisor of the Central Depôt in such forms as may be prescribed by the Comptroller :—

I. Stock Register of Stamp Papers.

II. Register of Damaged Stamp Papers.

III. Progress Register of Issues.

32. The Superintendent of Stamps shall forward to the Comptroller, within a week after the close of every month, a statement of stamps showing the opening balance, receipts from the Stamp Manufactory and the Districts, issues to Districts and to the Official Vendor at the Huzur Treasury, and the closing balance, together with a statement of damaged stamps showing the opening balance, receipts during the month and the closing balance.

33. Each District Depôt shall obtain from the Superintendent of Stamps and maintain, at all times, a supply sufficient for the requirements of the whole District for at least six months, and shall supply stamps on indents to the Taluk Depôts. Each Taluk Depôt shall maintain at least a three months' supply. The Officers in charge of the District and Taluk Depôts shall see that both the official and the licensed vendors are regularly supplied with stamps on indents prepared in the prescribed form, and shall periodically examine the Accounts, Registers, &c., which have to be maintained by these vendors. The Deputy Commissioners will submit to the Comptroller, within a week after the close of every month, a statement showing the opening balances of stamps in their Depôts as well as in the Taluk Depôts under them, and with the official vendors, the receipts and sales during the month, and the closing balance, with a certificate attached stating that the closing balance and the balance with official vendors have been verified and found correct, and that the balances in the Taluk Depôts have been verified by the Officers in charge of these Depôts as certified by them.

IV—GENERAL.

34. The Comptroller with the Mysore Government shall exercise a general control and supervision in all matters connected with the enforcement of the foregoing Rules.

35. The Comptroller will receive the prescribed monthly statements from the Superintendent of Stamps and the Officer in charge of Stamp Manufacture, and from the Deputy Commissioners, check the transactions therein shown one with another and with the Treasury credits, and furnish the Superintendent with a statement of Stamp Revenue realized during the month, as in the case of other sources of revenue.

36. The Comptroller shall examine, once a year, all the Registers, Accounts, &c., kept in the Stamp Department and the Stamp Manufactory, verify the balances under good and damaged paper and under stamps, and have the damaged papers and stamps destroyed or otherwise made unfit for further use for purposes of Stamp Revenue, and report the results of such examination, &c., to Government.

II. Mr. T. Rayaloo Chetty, Treasurer, State Huzur Treasury, is appointed "Officer in charge of Stamp Manufacture" with the status of an Assistant Superintendent of Stamps on a salary of Rs. 250 a Month.

III. The salary of the State Huzur Treasurer is reduced to Rs. 70 rising to Rs. 100 by annual increments of Rs. 10.

No. Pg. 521-3, dated Bangalore, 23rd November 1898.

Order.—Government understand that people who left the Bangalore City owing to the prevalence of Plague are now beginning to return to it. It is undesirable that they should go back to deserted houses in the City before such houses are thoroughly disinfected and made habitable without danger of infection. The following Regulation will accordingly be passed under Section 2 of the Epidemic Diseases Regulation, 1897.

In exercise of the powers conferred by Section 2 of the Epidemic Diseases Regulation, 1897, the Government of Mysore are pleased to make the following additional temporary Regulation :—

"No person shall occupy any deserted house in the Bangalore City before obtaining a certificate from the President of the Municipal Commission, or the Chief Plague Officer, or the Health Officer, that such house is habitable without danger of infection to its inmates."

2. Persons wishing to return to deserted houses should be encouraged and helped to disinfect such houses properly and should be given the prescribed certificate with the least practicable delay. Such of them as have not been inoculated should also be advised to get themselves inoculated and should have every facility afforded to them for this purpose.

Letter No. 4036, dated 23rd November 1898, from the Plague Commissioner in Mysore.

I have the honor to state that the Deputy Commissioner, Bangalore, in his letter No. 481, dated 6th November 1898, reports that he has entertained the marginally noted establishment out of the scale sanctioned in Government Proceedings No. 4954-5—Pg. F. 21-96, dated 8th October 1898, with some slight variations and a saving of Rs. 86. He also reports that he has entertained an additional establishment for the Magadi Road Camp, as noted below, in anticipation of sanction:—

For the Magadi Road Camp	Rs.

2. He has also raised the salaries of the 12 corpse-bearers (Brahmin, Lingayet and other caste) sanctioned in the Proceedings quoted above, by Rs. 10 each, involving an additional cost of Rs. 120 on account of the heavy work required of them. I consider that the extra establishment and the increase of salary to the corpse-bearers necessary and therefore request that the proposed establishment involving a net extra cost of Rs. 306 may be sanctioned, with effect from the date of their entertainment.

The Deputy Commissioner reports in para 3 of his letter under reference, that the three scavengers sanctioned in Government Proceedings No. 5318-9—Pg. 21-96, dated 18th October 1898, are not required; and I accordingly request that sanction for them may be withdrawn.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Plague Commissioner in Mysore.
The Comptroller to the Government of Mysore.

No. *Pg.*, 557, DATED 28TH NOVEMBER 1898.

ORDER.—The attention of all Deputy Commissioners is invited to the new Plague Regulation prescribed by Notification No. Pg. 555, dated Bangalore, 28th November 1898, published in the *Mysore Gazette Extraordinary* of the same date.

Under this Regulation, inoculated persons are granted the following privileges:—

(*a*) Exemption from segregation;

(*b*) exemption from detention when travelling; and

(*c*) when served with observation notices, exemption from liability to present themselves for observation for ten days after arrival from an infected area.

The term "inoculated" in the above para applies also to persons getting themselves inoculated forthwith.

II. The above mentioned Regulation also abolishes the system of compulsory removal of a patient and the other inmates, even in cases where all the inmates of an infected house are not inoculated, provided that arrangements are made to the satisfaction of a Plague Authority to prevent the spread of infection. Such arrangements will include:—

(*a*) the isolation of the inmates of the house by keeping a watch over it to prevent their egress and by warning the neighbours against coming in contact with the inmates. The watch placed upon an infected house should be such as will efficiently carry out the object in view, and a distinctive mark should be put on the house to indicate that it is infected; and

(*b*) arrangements for—

(i) the disposal of the patient's sputum and excreta,

(ii) keeping the patient apart from the other inmates, and for those in immediate attendance on the patient taking special care to change their clothes and wash after coming in contact with the patient,

(iii) the proper ventilation of the building,

(iv) the daily observation of the health of the inmates, which, whenever possible, should be by a Medical Officer.

III. In this connection it may be pointed out that while thus abolishing compulsory segregation under the safeguards mentioned above, every endeavor should be made to persuade people to avail themselves of the advantages of Government Hospitals and Camps. It is also necessary to bear in mind that where the safeguards above mentioned cannot be ensured, as in the case of the poor and homeless, with no fixed place of abode or of persons living in ill-ventilated, overcrowded and insanitary hovels, removal to Hospital and Camp is the only course open both in the interests of the inmates themselves and of the general public.

IV. Deputy Commissioners are requested to instruct their subordinate Officers to give the widest possible publicity to the Regulation and to explain to the people the privileges and benefits of inoculation. The attacks are less and chance of recovery greater in those that are inoculated.

V. There should be no relaxation in the other precautionary measures prescribed for the prevention of the spread of the disease, and the same vigilant watch as heretofore on the health of the cities, towns and villages, and especially on the health of arrivals from infected areas into uninfected localities should be maintained. Every attention should be continued to be given to improving the sanitation of towns and villages throughout the State, and particularly to clearing congested areas and giving light and air to dark and ill-ventilated dwellings.

VI. The villagers in almost every district have shown a commendable spirit of self-help and self-protection in preventing people from an infected area entering their villages. This spirit should be fostered and people encouraged to at once report the first cases of plague imported into their villages. It is of the utmost importance to segregate forthwith the first cases of imported plague, as this will help to arrest the spread of the disea

VII. Another hopeful feature is the readiness with which the villagers on the first appearance of the plague in the village evacuate it and camp out for a time. The advantages of a temporary evacuation of the entire village should be carefully explained throughout each district and the villagers advised not to re-occupy the evacuated houses until they have been for some time exposed to the sun and air and otherwise thoroughly disinfected. The evacuation of entire villages has proved to be the best preventive of the spread of plague in outlying places and should be the first step to be taken by Deputy Commissioners whenever plague makes its appearance in a village.

(2) Government Proceedings No. 14911-13—Mis. F. 21-96, dated 14th May 1898:—

Letter No. 1159—500, dated 5th May 1898, from the Plague Commissioner in Mysore—

"I have the honor to forward herewith copy of the marginally noted letter together with its enclosures from the Inspector General of Police, submitting the following proposals made by the Superintendent of Police, Bangalore district, for additional police establishment required for the Bangalore district and the city for the proper carrying out of the plague preventive measures.

No. 3808—395, dated 26th April 1898.

The Superintendent of Police asks for :—

(*a*) One Inspector of the 2nd or 3rd grade to be exclusively in charge of all the police on plague duty in the district.

(*b*) One 1st Grade Head Constable on Rs. 25+5 for duty at segregation camp, Magadi road.

(*c*) Twenty-six 1st Class Constables to watch the thirteen burial grounds and burning ghats, Bangalore city.

(*d*) Six 1st Class Constables for duty under the Health Officer.

(*e*) Two 1st Class Constables for duty under the Medical Officer at Yesvantpur.

(*f*) Six female servants at Rs. 10 each to assist the police in examining passengers by road.

(*g*) The promotion of the Dafadar, on duty, at Vartur to the rank of Jamadar to increase his prestige and sense of responsibility.

(*h*) Seven 1st Class Constables for duty at the railway stations at Kengeri, Bidadi, Closepet, Channapatna, Mudgere, Kadgodi and Devankundi.

N.B.—(c d e). Of these, 13 Constables for duty at the burial grounds, 6 for duty under the Assistant Health Officer and 2 for duty under the Inspecting Medical Officer, Yesvantpur, or 21 in all have already been deputed for duty and as they have been lent from the regular force allotted for the city; sanction to the appointment of substitutes in the place of these 21 men is urgently necessary.

In recommending these proposals the Inspector General of Police states that of them (*b*) the "sanction to the appointment of a Head Constable on Rs. 25+5 with retrospective effect from January 27th, the date on which he was appointed in anticipation of sanction," and (*d*) "sanction to the appointment of substitutes in place of the twenty-one men already lent for plague duty, [*i. e.*, thirteen to guard the burial grounds, six to work under the Assistant Health Officer, two to work under the Inspecting Medical Officer at Yesvantpur] are most urgently necessary," and I would therefore strongly recommend the sanction applied for being granted, as also the appointment of the additional thirteen men for watching the burial grounds asked for (*vide c*).

As regards the remaining additional establishment asked for, I am of opinion that no sufficient necessity exists at present for the appointment of the additional Inspector asked for (*a*) or for the six female servants (*f*) or for the promotion of the Dafadar at Vartur to Jamadar.

As regards (*h*) "seven additional Constables for duty at the railway stations," the Inspector General in a separate communication, (letter No. 3797—394, dated 25th April 1898) has stated that these have been deputed for duty and that substitutes have been appointed, on the Plague Commissioner's instructions, in their place. The correspondence on this subject I am forwarding separately to you with a request that the appointment of the substitutes may be sanctioned.

Finally, as regards the Inspector General's opinion that the charge of the twenty-six Constables for duty at the burial grounds should be borne by the municipality, I consider that though the correct registration of deaths is undoubtedly a Municipal duty, it is doubtful whether the cost of police, needed as a plague preventive measure to watch the burial grounds, to guard against secret burials and the concealment of deaths can, with absolute fairness, be made chargeable to the Municipality.

ORDER THEREON.—The temporary employment of the additional police establishment applied for is sanctioned, the total cost of the same being Rs. 392 per mensem.

The Inspector General of Police is requested to intimate to the Comptroller the date of entertainment of the additional establishment.

(3) Government Proceedings No. 2369-71—Mis. 21-96, dated 19th August 1898:—

Letter No 638, dated 16th August 1898, from the Plague Commissioner in Mysore, requesting sanction to the temporary entertainment of six Constables in the place of those who were taken from the Town Police by the Plague Commissioner and his Assistant for orderly duty connected with plague work.

ORDER THEREON.—The temporary entertainment of six Police Constables of the last class is sanctioned as requested.

2. The Inspector General of Police will be so good as to intimate to the Comptroller the date of entertainment of the additional police sanctioned and the cost thereof, as the letter of the Plague Commissioner read above omits to furnish the required particulars.

i. Letter No. 2064, dated 16th September 1898, from the Plague Commissioner in Mysore —

"I have the honor to forward herewith a copy of letter No. 849—128, dated the 27th ultimo, from the Inspector General of Police, containing a statement of the whole additional police force for plague duty in Bangalore city, for the entertainment of part of which Government sanction has already been accorded and for the rest of which such sanction is now requested.

2. His letter shows that Government sanction has been accorded to the entertainment of 1 Head Constable, 1 Sergeant and 48 Constables and that sanction is required for the entertainment, in addition, of 1 Head Constable, 10 Sergeants and 90 Constables.

3. He further requests that for all the police on duty in and around the plague camp an allowance as per margin may be granted. He requests also that an allowance of Rs. 50 may be granted to the City Inspector, the extra work thrown on him entailing the up-keep of at least two horses, and an allowance of Rs. 25 to a 3rd Grade Inspector to be in immediate charge of the police on plague duty under the general control of the City Inspector.

	Rs.
Head Constable	... 6
Sergeant	... 3
Constable	... 3

4. He reports also that his present office cannot cope with the extra work thrown on it by plague correspondence, and requests sanction to the entertainment of two additional clerks on Rs. 50 and 25 each.

5. After careful perusal of his proposals, I am of opinion that it is possible to make a reduction of 2 Sergeants and 20 men, but that beyond that the force asked for is absolutely required for the efficient performance of the various duties required of the police as specified in the letter of the Inspector General of Police under reference. The allowances proposed by him seem all thoroughly reasonable and may, I think, be sanctioned, and I would also recommend to the favorable consideration of Government his request for an addition to his office establishment.

General (Plague), dated 27th November 1898.

6. I annex a proposition statement showing the cost of the new establishment required by the Inspector General of Police as amended by me, and request the favor of Government sanction being early accorded thereto."

ii Letter No. 849—128, dated 27th August 1898, from the Inspector General of Police in Mysore, to the Plague Commissioner in Mysore.

"I have the honor to forward, in original, for your perusal, a memorandum drawn up by the City Inspector according to my instructions, containing proposals for increasing the police force of the city in connection with the plague preventive measures. I generally concur in the arrangements proposed and consider that the proposals for the increased establishment are reasonable and moderate.

2. It is not necessary to go over again into the detailed reasons given in the memo for each item of increase, but I would only give below an abstract of the proposals as modified by me :—

Abstract.

Total 62 Constables and 5 Sergeants.

Plague and Contact Camps.	24 Constables under 2 Sergeants.		
Observation rooms .	10 Constables	16 Constables under 1 Sergeant.	The whole forming one sub-station under a Head Constable with the usual sub-station allowance of Rs. 5. — 62 Constables, 5 Sergeants under 1 Head Constable.
Tirupati chattram ...	4 do		
Magadi road outposts . .	2 do		
Railway platform and escort duty.	22 Constables under 2 Sergeants.		

Duty in the City.

Ward Police for the 4 Wards ...	32 Constables under 4 Sergeants	58 men under 6 Sergeants under 1 Head Constable in immediate charge.
Burning and burial grounds ...	26 Constables under 2 Sergeants	

Orderlies.

18 Constables.

Total 2 Head Constables, 11 Sergeants and 138 Constables.

Note.—Add 2 City Constables given to the Inspecting Officer at Yesvantpur.

I propose to depute M. Ramachendra Rao, 3rd Grade Inspector, employed on Anthropometry duty, to be in special charge of the plague camps and to supervise these men under general control of the City Inspector.

3. Out of the total of 2 Head Constables, 11 Sergeants and 138 men required for plague duty, one Head Constable, one Sergeant, and 48 Constables have already been appointed as per Government Proceedings noted in the margin. The Deputy Commissioner has been requested to appoint the rest, *viz.*, one Head Constable, 10 Sergeants and 90 Constables, in anticipation of the sanction of Government. The Head Constables, Sergeants and Constables should all be of the 1st class. I beg in addition, to recommend that, in consequence of the risky nature of the service, a local allowance as per margin may also be sanctioned to all the police employed in and around the plague camp.

(1) No. 9227-28—Mis. 1871, dated 17th February 1898.
(2) No. 14971-13—M. F. 21-96, dated 14th May 1898.
(3) No. 2369-71—M. F. 21-96, dated 19th August 1898.
(1) One Sergeant at Rs. 14, eight Constables at Rs. 9.
(2) One Head Constable at Rs. 25+5, 34 Constables at Rs. 9.
(3) Six 3rd Class Constables at Rs. 7.

Head Constable at Rs. 6.
Sergeant at Rs. 3.
Constables at Rs. 2.

4. I would further propose an allowance of Rs. 50 to the City Inspector as he will have to maintain two horses for constantly moving about and also a sum of Rs. 25 to Ramachendra Rao, Inspector in immediate charge of the plague police, as he also will have to move about a great deal.

5. I think it will also be found necessary to allow special horse allowance to the Chief Constables and some of the Head Constables at the rate of Rs. 20 and 15, respectively, when their work grows heavy and I request that a general permission may be given to me to grant such allowance whenever I may consider necessary within a maximum of Rs. 100 per mensem.

6. I beg to state in this connection that great difficulty is experienced in carrying on work owing to the application for the increased establishment for my office being still under the consideration of Government and that at least one good clerk with an assistant is absolutely required for attending to the accounts and correspondence in connection with the plague operations. I beg accordingly to propose two hands on Rs. 50 and Rs. 25 per mensem for this duty.

7. In conclusion, I beg to annex a proposition statement showing the cost of the proposed new establishment for ready reference and request that early sanction of Government may be obtained.'

No. 5020-22—Pc. F. 21-96, dated Bangalore, 10th October 1898.

Order thereon.—The additional Police establishment and allowances proposed in the above are sanctioned.

2. The Police force temporarily sanctioned up to date for the Bangalore city on account of plague duty will stand as follows:—

No.	Designation.	Monthly cost.	
		Rs.	
2	Head Constables at Rs. 25+5 each	60	
9	Sergeants at Rs. 14 each	126

General (Plague), dated 27th November 1898.

[2] Government Proceedings No. 5126-7—Pg. F. 21-96, dated 13th idem.

Letter No. 2497, dated 6th October 1898, from the Plague Commissioner in Mysore, requesting sanction to the entertainment of one first Class Sergeant on Rs. 14, three first Class Constables on Rs. 9, and two second Class Constables on Rs. 8 each per mensem for the Police out-post at the Health Camp near Mavalli.

ORDER THEREON.—The temporary Police force applied for is sanctioned at a monthly cost of Rs. 57, as also the cost of their clothing, namely Rs. 199-10-0.

---

[3] Government Proceedings No. 5208-9—Pg. F. 21-96, dated 15th idem.

Letter No. 2482, dated 6th October 1898, from the Plague Commissioner in Mysore, reporting that the Deputy Commissioner, Bangalore district, has, in anticipation of sanction, appointed one first grade Head Constable on Rs. 25+5, one first grade Sergeant on Rs. 14, six first Class Constables on Rs. 9 each, and four second Class Constables on Rs. 8 each per mensem for duty at the Disinfection Camp, Bangalore Railway Station, and that the entertainment of one Inspector on Rs. 50+15 to supervise the work of the police is also proposed; and requesting sanction to the entertainment of the above temporary force and to the cost of their clothing amounting to Rs. 488-13-8.

ORDER THEREON.—The entertainment of the temporary establishment referred to in the above at a monthly cost of Rs. 195, and the provision of clothing for them at a cost of Rs. 488-13-8, are sanctioned.

[4] Government Proceedings No. 337-9, dated 4th November 1898.

Endorsement No. 3277, dated the 1st November 1898, from the Plague Commissioner in Mysore, forwarding, in original, letter No. 1699—256, dated 28th October 1898, from the Inspector General of Police, requesting sanction to the entertainment of one additional Inspector on Rs. 50+15 for the Disinfection Camp at the City Railway Station and of an Inspector on Rs. 40+15+25 for the Plague Camp in the Bangalore City.

ORDER THEREON.—The entertainment of an Inspector on Rs. 50+15 for the Disinfection Camp at the City Railway Station in addition to the one sanctioned in Government Proceedings No. 5208-9—Pg. F. 21-96, dated 15th October 1898, as also that of an Inspector on Rs. 40+15 for the Plague Camp are sanctioned, with the observation that, in the case of the latter, an allowance of Rs. 25 has already been sanctioned in Government Proceedings No. 5020-2—Pg. F. 21-96, dated 10th October 1898.

letter No. 4060, dated 23rd November 1898, from the Plague Commissioner in Mysore—

"With reference to your docket No. 5171—Pg. F. 21-96, dated 14th October 1898, I have the honor to state that the Inspector General of Police in his letter No. 1403—216, dated 5th October 1898, applied for additional Police in modification of the proposals made in his letter No. 1089—166, dated 10th September 1898. But before the receipt of his letter action had been taken by me on his letter No. 1089—166, dated 10th September 1898, in direct consultation with the Deputy Commissioner (*vide* Plague Commissioner's No. 2160, dated 22nd September 1898) and sanction of Government was obtained for the establishment noted in Government Proceedings No. 5023-25, dated 10th October 1898. My letter No. 2536, dated 8th October 1898, contained further proposals but some of these were included in my letter No. 2160, dated 22nd September 1898, on which orders had not been

then received. On receipt of your No. 5171—Pg. 21-96, dated 14th October 1898, a reference was made to the Inspector General, requesting him to state his requirements after taking into consideration the sanctions made up to date. In reply to this the Deputy Commissioner, Bangalore, forwards with his letter No. *201, dated 10th November 1898, two statements showing the Police force sanctioned and to be sanctioned both for the city and district of Bangalore, respectivly. I accordingly request that sanction may be accorded to the following establishment:—

*This supersedes the proposals made by the Inspector General of Police in his letter No. 1403-214 dated 5th October 1898, and 1577-257, dated 18th October 1898, forwarded to Government with this office endorsement Nos. 3159 and 3160, dated 28th October 1898, respectively.

Of these, 2 Sergeants and 22 Constables are reported to have been entertained for the City from the 1st September 1898, and the remainder for the City from 14th October 1898, in anticipation of sanction. Sanction may be accorded to the disbursement of their pay from those dates. The 13 Constables for the several railway stations in the district (Statement B) are reported to have been entertained from 25th September and their sanction may take effect from that date.

3. The Inspector General recommends the grant of certain allowances to all the members of the City Police. But as there is a special Police establishment for plague duty and the grant of special allowances to the Regular Police will raise inconvenient precedents in favor of the officials of other Departments also, I do not consider it necessary to grant the allowances in the case of the police not on special plague duty.

4. Application for the sanction of the cost of clothing for the additional Police force now asked for will be made in a separate reference."

Letter No. 2497—86, dated 18th September 1898, from the Inspector General of Education in Mysore.

With reference to para 6 of Government Order No. 3209-10—Ed. F. 2-96, dated the 8th September 1898, sanctioning the State Fund Budget of the Education Department for the current official year, I have the honor to state that of the additional sum of Rs. 1,000 sanctioned for house rent and contingencies, Rs 24 may be added to the present provision for contingencies under Anglo-Vernacular schools, Rs. 156 to similar provision under Vernacular schools, and Rs. 820 to the provision for house rent under the latter schools. The amounts allotted for house rent and contingencies for the two classes of schools during 1898-99 will thus be:—

	House rent Rs.	Contingencies. Rs.
Anglo-Vernacular schools ..	2,088	1,370
Vernacular schools ..	5,932	3,810

2. Out of the above allotments, the amounts available for expenditure are as shown below:—

	House rent. Rs.	Contingencies. Rs.
Anglo-Vernacular schools ..	306	24
Vernacular schools ..	1,159	426

The total of the amounts available for expenditure which is Rs. 1,915 is formed of the additional grant of Rs. 1,000 distributed as above, as well as the unutilised balance of Rs. 510 referred to in my letter No. 11673—381, dated the 17th June last, which is cited in the Government Order, and of the amount of house rent set free by the removal of schools from rented to Government buildings.

3. I beg to submit a list of schools and to request that Government may be pleased to sanction the rents and contingent allowances recommended therein from the provision pointed out above. The contingent allowances amount to Rs. 24 for Anglo-Vernacular schools and to Rs. 393 for Vernacular schools. The house rents proposed for the former schools amount to Rs. 120 and for the latter to Rs. 1,152.

No. 6754-5—Ed. 158, DATED BANGALORE, 28TH NOVEMBER 1898.

ORDER THEREON.—Copy of the letter read above will be communicated to the Comptroller.

2. Increased grants under "House rent" and "Contingencies" are sanctioned, as shown in the appended statement, to the schools named therein, the charge being met from the sanctioned budget allotments under those heads.

JUDICIAL

Proceedings of the Government of Mysore

READ—

Letter No. 5679—320-98, dated the 22nd October 1898, from the First Assistant to the Resident in Mysore, to the Dewan of Mysore—

With reference to your letter No. 3038—J. 335, dated the 2nd September last, I am directed to forward, for the information of the Durbar, a copy of Proceedings of the Government of Madras, No. 1542, Judicial, dated 30th September 1898, stating that the arrest made by the police of North Arcot district in the Mysore Territory, and brought to notice in your letter under reply, was irregular.

GOVERNMENT OF MADRAS, JUDICIAL DEPARTMENT.

READ THE FOLLOWING PAPER:—

From Lieutenant-Colonel D. Robertson, Resident in Mysore, to the Chief Secretary to Government, dated Bangalore, 19th September 1898, No. 4830—320—

I have the honor to forward, for favor of such action as may be deemed necessary, a copy of a letter, No. 3038-J.—335, dated the 2nd instant, from the Mysore Durbar and of its enclosures, bringing to notice an arrest irregularly made by the police of the North Arcot district in Mysore Territory.

2. The case is briefly this. On or about the 7th June last, two subjects of Mysore were arrested without a warrant at Mulbagal in the Kolar district by a constable of the Palmanér taluk on a charge of having kidnapped a girl residing within the limits of the Byrareddipalli station in the Palmanèr taluk. The accused were taken by the constable and placed before the Amildar-Magistrate of Mulbagal and they were, under a remand ill-advisedly granted by that officer, removed to Palmanèr.

3. The men arrested were, as already stated, accused of having committed kidnapping—an offence for which arrest can be made without a warrant; but the point for consideration is whether such a procedure can be adopted by the British police in Mysore Territory or not. Under Section 58 of the Code of Criminal Procedure, a police officer may pursue into any place in *British India*, any person whom he is authorised to arrest; and this may be done beyond the limits of British India under Section 8 of the Extradition Act, but only in respect of European British subjects in the dominions of princes and States in India in alliance with Her Majesty and of Native Indian subjects of Her Majesty. The persons arrested in the case under notice being subjects of the Mysore State, there seems to be no provision of law to cover the act of the constable.

4. All that was necessary was for the constable to have been armed with a warrant of arrest from a British Magistrate, and such a warrant would have been executed under Notification No. 111, dated the 23rd July 1879, of the Chief Commissioner of Mysore, a copy of which will be found appended to the Madras G. O., No. 1474, Judicial, dated the 13th July 1895.

5. I shall be obliged if a copy of the Madras Police Order No. 115, "Arrests in foreign territory," or the latest order, if any, on the subject, be kindly supplied to this office.

ENCLOSURES.

From the Secretary to the Government of Mysore, General and Revenue Departments, to the First Assistant to the Resident in Mysore, dated 2nd September 1898, No. 3038-J.—335.—

I am directed to state that a constable (No. 1055) of the Byrareddipalli station, Palmanèr taluk, North Arcot district, is reported to have, on or about the 7th of June 1898, arrested, without a warrant, at Mulbagal, (Kolar district), a Kurubar, named Muniga, and another, both residents of Mulbagal, on a charge of having kidnapped a girl named Mani, aged about 10 or 11 years, the daughter of a Kurubar named Thimma, residing within the limits of the Byrareddipalli station.

The accused persons were taken by the constable before the Amildar-Magistrate of Mulbagal, and, under a remand granted by that officer, removed to Palmanér.

2. The Durbar believe that, in thus arresting the said subjects of the Mysore State of his own motion, the constable in question was acting without authority; and that the proper course to pursue, when the arrest of individuals in the State is desired, is for the police in British India to procure a warrant from some competent Magistrate therein and to produce it before the proper Magistrate in Mysore for execution in the manner prescribed by the Notification of the late Chief Commissioner, No. 111, dated the 23rd July 1878.

3. Considering that the arrest above referred to took place more than two months ago, and further that the action of the Amildar-Magistrate of Mulbagal in remanding the accused to the custody of the British constable without proper authority was itself ill-advised, the Durbar do not consider that any action on their part can now be usefully taken in this particular case. But having regard to the importance of preventing the recurrence of similar illegal arrests of Mysore subjects, I am desired to request that the Government of Madras may be addressed with a view to their taking such steps as will secure that object.

4. Copies of the Inspector General's letter No. 525—49, dated 31st July 1898, and of its enclosures are forwarded for reference. If Order No. 115, quoted by the Police Superintendent and published at page 93 of Volume I of the Orders of the Madras Police, published under authority in 1897, is in force, the Durbar propose to communicate it to their Officers for information and guidance.

From the Inspector General of Police in Mysore, to the Secretary to the Government of Mysore, dated 31st July 1898, No. 525—49—

I have the honor to submit for orders of Government copies of correspondence from the Deputy Commissioner of Kolar, bringing to notice the arrest, without a warrant, by a constable of the North Arcot district police, of Mysore subjects within Mysore Territory for an alleged offence committed in British Territory. As remarked by the District Magistrate, Section 58 of the Criminal Procedure Code does not apply to the present case and the British police are not competent to make any arrest without warrant in the Mysore Territory. If the Government agree in this view, I beg that the matter may be brought to the notice of the Madras Government so as to prevent a repetition of such illegal arrests on the part of the Madras police.

From the Deputy Commissioner, Kolar district, to the Inspector General of Police in Mysore, dated 23rd July 1898, No. 384—108—

I have the honor to forward herewith a memorandum from the Superintendent of Police, Kolar district, regarding the powers of police officers in British India to make arrests in the Mysore Territory without a Magistrate's warrant.

2. Section 58 of the Criminal Procedure Code, which is in force in British India, empowers the British police to pursue an offender whom they are authorized to arrest to any place in British India. In the present case referred to by the Superintendent, the accused who are the subjects of the Mysore State were arrested at Mulbagal by a constable of the North Arcot district on a charge of kidnapping a minor girl, an offence under Section 363, Indian Penal Code. The accused were thus not in British India at the time of arrest, and the procedure adopted by the British Police in acting without a Magistrate's warrant appears illegal.

3. The Foreign Jurisdiction and Extradition Act gives certain powers to British Officers in places even beyond British India, and Section 8 of that Act extends the law relating to the Criminal Procedure to all native Indian subjects of Her Majesty living beyond such limits. Under this extended power the action of the constable would have been legal, if the accused had been the native Indian subjects of Her Majesty, but they were the subjects of His Highness the Maharaja of Mysore.

4. As this is a general question which concerns the whole Province, a definite ruling is necessary for the guidance of the Police and the Magistracy. I, therefore, submit the memorandum for orders.

Memorandum.

In my diary for the week ending 11th June 1898, I raised the question as to whether a British police officer could arrest *suo motu*—I mean without a warrant from a Magistrate in British India—any person in Mysore Territory accused or suspected of having committed a cognizable offence in British India, and was asked to make a separate reference on the subject; hence the present memorandum. The following extract from the diary referred to, gives the facts of the case on which the question was raised:—

"The station-house officer of Mulbagal reports in his diary of the 7th current that a constable No. 1055 of the Byrareddipalli station, Palmanèr taluk, North Arcot, arrested, without a warrant, in Mulbagal a Kurubar named Muniya, and another, both residents of Mulbagal, on a charge of having kidnapped a girl named Muni, aged about 10 or 11 years, the daughter of a Kurubar named Timma, residing within the limits of Byrareddipalli station and placed them before the Amildar-Magistrate for a remand which apparently has been granted.

"Section 58, Criminal Procedure Code, empowers a police officer for the purpose of arresting any person accused of a cognizable offence, to pursue such person into the limits of the local jurisdiction of another police officer, &c.; but I apprehend that such powers of pursuit and arrest without warrant are limited to districts within British India just as the exercise of our similar powers are limited to districts within the Province, and the section does not authorize pursuit and arrest without a warrant of an offender in foreign territory. That this is so, is apparent from the following order in the Madras Police—

Order No. 115—*Arrests in Foreign Territory.*

"No arrest can take place in foreign territory without a warrant and the warrant must go through the regular channel. The proper course to pursue when such a person has taken refuge in foreign territory is to report it to the Magistrate of the district (British) in order that the necessary warrant may issue. At the same time in the case of any grave criminal taking refuge in foreign territory, it may frequently be admissible for the police officer to go to the head of the police of the place where the fugitive is, and state all the circumstances in order that the police of the territory may be warned to keep an eye on the criminal until the proper forms have been complied with."

Judicial, dated 18th November 1898.

It seems clear therefore that the action of the constable of Byrareddipalli station was illegal and that equally illegal under the circumstances was the order of remand passed by the Assistant-Magistrate of Mulbagal.

If the District Magistrate agrees with me in this view, I would suggest that the necessary orders be issued on the subject to our Magistrates as the Madras police have more than once acted in this district in the same manner as the Byrareddipalli policeman did, and the Taluk Magistrates concerned quietly acquiesced in the illegal procedure and remanded the accused to their (Madras police) custody.

Order—No. 1542, Judicial, dated 30th September 1898.

The action of the police was clearly irregular, and the Inspector-General will be requested to call the attention of his subordinates to the law on the subject.

2. A copy of Police Order No. 157 will be furnished to the Resident with reference to the request in the last paragraph of his letter.

Police Order.

157. In foreign territory: No arrest can take place in a foreign territory without a warrant, and the warrant must go through the regular channel. The proper course to pursue when such a person has taken refuge in foreign territory is to report it to the Magistrate of the district in order that the necessary warrant may issue and the usual step may be taken to procure extradition—

50 (*d*). The Standing Order by the Government of India on the subject of the requisition for the surrender of criminals, who have fled from justice out of British India into a Native State, is that, "where such a demand is made, it should be made by our Magistrates not to the State direct, but through the Political Officer, and the demand should invariably be accompanied by a copy of any depositions made or, where no evidence has yet been taken, by a statement of the information on which the arrest of the offender is deemed necessary. It should rest with the Political Agent, if necessary, to call on the Magistrate for further information, but if the Political Agent possesses the influence and weight he ought to have, he will seldom fail to obtain compliance with any reasonable demand made to the Durbar to which he is accredited for the surrender of an absconded criminal." As to what is a "reasonable demand" the Government of India state that it certainly includes the case of all offences (*vide* schedule to Act XXI of 1879) for which the arrest and removal of criminals escaping into British India is allowed, and that some cases outside of that catalogue may probably be added with propriety. Such instances, however, would be exceptional, and the requisitions for surrender should not be made without the sanction of the Governor-in-Council, where the offence is not one of those mentioned in the schedule above cited, or where the Political Agent doubts the reasonableness of the grounds of the requisition, and the Magistrate of the district continues to press it. (Extracted from Government Order No. 219, Political, dated 12th April 1875).

At the same time, in the case of any grave criminal taking refuge in foreign territory, it may frequently be advisable for the Police officer to go to the head of the police of the place where the fugitive is, and state all the circumstances in order that the police of the territory may be warned to keep an eye on the criminal until the proper forms have been complied with.

ORDER.—In connection with the recent riots at Ganjam in the Seringapatam taluk, and the arrest of 132 persons concerned therein, it is observed that several reasons of weight, of which the principal were the excited state of local popular feeling and the difficulty of providing sufficient accommodation for so large a body of prisoners, have combined to render their confinement either in the Taluk Lock-up at Seringapatam or in the District Jail at Mysore inexpedient. Their prompt removal to Bangalore was considered absolutely necessary and was effected forthwith in anticipation of sanction. Under these circumstances, the action of the authorities in removing the prisoners on the 18th instant to the Central Jail at Bangalore for safe custody therein, pending their trial before a Court of competent jurisdiction, is now formally approved by Government. A nominal roll of the prisoners will be forwarded by the Deputy Commissioner to the Inspector General of Prisons for communication to the Superintendent, Central Jail. No. 6252-3—L. F. 102-97, DATED BANGALORE, 17TH NOVEMBER 1898.

ORDER THEREON.—The President is authorized to push on to completion the incomplete works of the previous year.

2. The Comptroller is requested to state the actual balance on 1st July 1898. On receipt of this information, orders will be passed in regard to the appropriation required.

3. The submission of the supplemental budget promised by the President should be expedited.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The President, District Fund Board, Kolar Circle, with the statement.
The Comptroller to the Government of Mysore, with the statement.

Local Boards Branch, Local Funds, dated 26th November **1898.**

READ—

Docket No. 202—191, dated 31st August 1898, from the President, District Fund Board, Chitaldrug circle, submitting for sanction revised District Fund budget estimates of that circle for 1898-99.

No. 6656-60—L. F. 109-97, DATED BANGALORE, 26TH NOVEMBER 1898.

ORDER THEREON.—The opening balance is proposed to be raised to Rs. 16,131, which includes the excess receipts realized and the amount of lapses out of the sanctioned grants for the past official year. The estimate proposed will be tentatively retained in the present budget, pending the receipt of accounts for 1897-98 from the Comptroller.

(2) The increases provided under expenditure are given below :—

A. Public Works to be executed by the Public Works Department—

		Rs.
I	Original works.	837
II	Repairs	298
III	Establishments	144

B. Public Works to be executed by the Revenue Department—

I	Original works	5,037
II	Repairs	681
III	Establishments	639

C. Civil Charges—

I	Office establishment	180
III	Hospitals and Dispensaries	20
V	Sweepers for travellers' bungalows	72
VI	Conservancy and sanitary charges	118
IX	Contribution	486
X	Miscellaneous lighting	33
	Total ...	8,545

(3) *A. Public Works to be executed by Public Works Department.*—The increased allotments provided under "Original Works" and "Repairs," respectively, are stated to be required for certain new works, for which details have been furnished. These are sanctioned. The correct provision that ought to be made on account of establishment charges at the prescribed rate of 17½ per cent is Rs. 3,634 and not Rs. 3,580 as entered in the budget. The former figure will be adopted.

(4) *B. Public Works to be executed by the Revenue Department.*—The establishment charges allowable at 10 per cent on the marginally noted works is only Rs. 710 and not Rs. 754 as entered in the budget. Provision will accordingly be reduced to Rs. 710.

	Rs.
Original works	5,537
Repairs	681
Conservancy works provided under Civil charges, VI, conservancy and sanitation: already provided ... 763; Do now proposed 118	884
Total ...	7,102

CIVIL CHARGES.

(5) *I. Office Establishment.*—The increase under this head is due to the provision made for the pay of the additional Local Fund clerk temporarily sanctioned in Government Proceedings No. 15935-6—L. F. 5-97, dated 7th June 1898. The provision is passed.

(6) *III. Hospitals and Dispensaries.*—The present budget provides for the District Fund quota of the increased rate of house rent for the Hosdurga dispensary, sanctioned in Government Proceedings No. 873-5—L. F. 159-92, dated 16th July 1898. This is approved. But it is noted that the provisions made on account of the salaries of the compounders attached to the Local Fund dispensaries at Chitaldrug, Davangere, Molakalmuru, Jagalur, Hosdurga, and Harihar are not double the provisions made for the same in the Municipal budgets of these towns and that the Municipal budget of Davangere provides nothing against Rs. 120 entered in the District Fund budget on account of the house rent of the dispensary in the town. These differences require explanation, pending the receipt of which the provision under this head will be retained.

(7) *V. Sweepers for Travellers' Bungalows and Musafirkhanas.*—The increase provided under this head is on account of the marginally noted items already sanctioned by Government, and is passed.

Cost of certain articles sanctioned in Proceedings No. 7464-5—L. F. 96-95, dated 24th December 1898, and not yet supplied...	Rs.	60
Increase of pay to the sweeper of the musafirkhana at Holalkere at Rs. 1 per mensem, sanctioned in Proceedings No. 2357-8—L. F. 109-97, dated 19th August 1898.	„	12

No. 6478-86—L. F. 313-96, DATED BANGALORE, 23RD NOVEMBER 1898.

ORDER THEREON.—The Deputy Commissioner of Shimoga considered that, owing to the transfer in 1894 to the District Funds, of the cost of repairs of all 3rd class travellers' bungalows, the charge devolving on the District Fund Boards for providing accommodation to the travelling public increased enormously during the past three years; and proposed that relief might be afforded to the District Funds by debiting the cost of 3rd class bungalows on Provincial roads to Provincial Funds. In view to enable the Government to pass final orders on the question, the Presidents of the District Fund Boards as well as the Chief Engineer were requested to submit two statements showing the names of the travellers' bungalows of all three classes situated on Provincial and District Fund roads, with the cost of establishments maintained therein. From the replies received, it has been made out that if the District Fund Boards are debited with the cost only of such of the 3rd class bungalows as are situated on District Fund roads the cost to the District Funds would be lessened by Rs. 291 only, and that, on the other hand, if* they are charged with the cost of all bungalows (irrespective of class) situate on District Fund roads, there would be an increased cost of Rs. 67 to the District Funds.

2. It is observed that the Local Fund Boards now maintain all 3rd class bungalows, whether they are situated on Provincial or District Fund roads, the 1st and 2nd class bungalows being likewise maintained from Provincial Funds. It does not seem possible to relieve District Fund Boards altogether of the cost of travellers' bungalows. Either they must maintain bungalows of all three classes situate on District Fund roads or the present arrangement should remain undisturbed. The former would not be to their advantage, as has been shown in the preceding para, and the Government accordingly direct that the present arrangement embodied in Proceedings No. 15602-11 L. F.—322-92, dated 19th March 1894, should remain unaltered.

Proceedings of the Government of Mysore,

Letter No. 480, dated 25th October 1898, from the President, Bangalore City Municipality, to the address of the Plague Commissioner, Bangalore :—

I have the honor to bring to your notice that owing to the spread of plague in the City of Bangalore, the conservancy arrangements have come to a deadlock. It is necessary to place this branch of the Municipal Administration on a proper basis in this exceptionally unhealthy season. All attempts to induce contractors to undertake the daily removal of sweepings, &c., have failed. It has therefore become necessary that arrangement should be made to have this done departmentally; and in this view, the Vice-President submits proposals as contained in his memo enclosed, which I fully endorse. Under the present exceptional circumstances, I beg that sanction may kindly be accorded to the scheme being introduced at once, and the cost of providing bulls and carts and stable accommodation, which amounts to Rs. 4,000, met, if possible, from plague funds.

The Municipality will bear the cost of maintenance, &c., amounting to Rs. 504 per month. The matter being urgent, I solicit the favour of early orders being passed.

ENCLOSURE.

Memo by the Vice-President, Municipal Commission, Bangalore City, dated 23rd October 1898.

Owing to the spread of plague in the City, the contractors who purchased the municipal manure for the current official year, have been unable to make satisfactory arrangements for daily conservancy. It is difficult to get them to abide by the terms of the contract, and it has now become absolutely necessary that we should make our own arrangements in this connection.

I therefore propose to purchase sufficient number of carts and bullocks at Government cost and have the conservancy work done by our own agency.

The cost of the scheme will be as follows :—

		Rs.
1.	24 carts at Rs. 50 each	.. 1,200
2.	24 pairs of bullocks at Rs. 75 each	... 1,800
3.	Cost of providing stable accommodation	... 1,000
		4,000

In addition to the above outlay, the following working establishment will be required :—

One daffadar to supervise the whole establishment	..	15
24 drivers at Rs. 8 each	..	192
4 care-takers to attend to the feeding of bullocks, at Rs. 8 each ...	...	32
Fodder and grain at Rs. 10 per pair	...	240
Contingent charges	...	25
Total		504 per month

A convenient site has at once to be selected for stabling the bullocks. Efficient arrangements will be made for the bullocks, &c., being properly taken care of.

The matter being urgent, I have authorized the Sanitary Inspector to begin making arrangements for the purchase of carts and bullocks at once, pending sanction.

The charge being unusual and due to the present bad season, I venture to suggest that the whole cost may be defrayed from plague funds.

Convenient places will be selected for depositing the rubbish, &c.

The Manager of the office or the Collector will be placed in charge of the whole establishment.

No. Pg. 274-5 & Gl. 6019-20—L. F. 110-97, DATED BANGALOER, 26TH OCTOBER AND 10TH NOVEMBER 1898.

ORDER THEREON.—The Government agree with the President of the Bangalore City Municipality in the view that the system of contract has failed and that

arrangements should be made without loss of time to carry out measures of conservancy departmentally. A sum of Rs. 4,000 for the purchase of carts and bullocks and for providing accommodation for them, and a monthly expenditure of Rs. 504 for maintaining the necessary establishment as noted in the margin, are sanctioned in the Municipal Department, as they do not form properly a part of the plague charges.

	Rs.
24 carts at Rs. 50 each	1,200
24 pairs of bullocks at Rs. 75 each	1,800
Cost of providing stable accommodation	1,000
Total ...	4,000

24 drivers at Rs. 8 each	192
4 caretakers to the feeding of bullocks at Rs. 8 each	32
Fodder and gram at Rs. 10 per pair	240
Contingent charges such as shoeing, &c.	25
Total ...	504

2. The President will be good enough to point out the source in the Municipal budget from which the cost can be met.

Letter No. 162, dated 26th July 1898, from the Comptroller in Mysore, recommending the adoption of the system of fixing a contribution to be levied from each Municipality towards the cost of the establishment maintained in the Secretariat and in his office, as also the submission of the budgets through the office of the Comptroller, and of certain other suggestions as per note to para 439 and paras 440, 441 and 442 of his Office Manual.

No. 6206-16—L. F. 67-97, DATED BANGALORE, 17TH NOVEMBER 1898.

ORDER THEREON.—The Government are pleased to sanction the Comptroller's proposal to levy an annual contribution, which may be fixed on an average of the past three years from each Municipality, towards the cost of establishments maintained in the Dewan's and Comptroller's offices. The Comptroller will, accordingly, submit for sanction, a statement showing the contributions payable by the several Municipal Boards, and state whether $\frac{1}{12}$ of such amounts will be charged in the monthly accounts of the respective Municipalities or once a year in the month of July or June.

2. The consideration of the Comptroller's suggestion as regards the submission of the Municipal and District Fund Budgets through his office, will await the final adoption of the Municipal and Local Fund Regulations, now under the consideration of Government. Meanwhile the existing practice will continue.

Local Boards Branch, Local Funds, dated 18th November 1898.

2. The receipts showed an increase of Rs. 983 over those of the previous year, chiefly the result, on the one hand, of a large increase under "House and Mohatarfa taxes" due to the extension of the Tumkur town, and on the other of a large decrease in the receipts from cattle-pounds and other items included under "Miscellaneous." In connection with the decrease of Rs. 137 under "Octroi" and the increase of Rs. 420 under "License receipts," it is explained that the fees received from sheep and goats slaughtered in Tumkur amounted to Rs. 396 in 1895-96 and were included under "Octroi" instead of under "License receipts" as in 1896-97. Apart from this, the income from the octroi duties on kerosine oil and tobacco was larger than in the former year and on cloths somewhat smaller.

3. The collection work was satisfactory in almost all the municipalities and the larger portion of the arrears (*viz.* Rs. 1,149) left at the end of the year is reported to have been since collected.

4. The increase in the year's expenditure was contributed to by nearly all the heads, and chiefly by "Charitable grants" which included a larger aggregate contribution paid from Municipal Funds for the construction and repairs of dispensaries and in-patients' wards, and by "Miscellaneous expenses," among which the re-payment in part of a loan granted to the Tumkur Municipality and the celebration of the Queen-Empress' Diamond Jubilee formed the largest items

5. More than two-fifths of the entire expenditure was incurred on public works such as the construction and repair of roads, drains and wells.

6. The mortality from all causes (924 deaths) was in excess of that of the previous year by 217 deaths, of which 111 were due to cholera which prevailed in Tumkur and Kadaba and the rest to minor causes. There was, however, a sensible diminution (by 90) in the number of deaths from fever.

7. Four hundred and three labor cases were attended by the midwives in the municipal towns as against 204 in the previous year. This is encouraging evidence of the increased usefulness of midwives.

8. The reason for the smaller work turned out by the vaccinators during the year should have been explained.

9. The Government regret that, even with the great delay in the final submission of this report, the President has not been able to get the correctness of the figures verified.

Letter No. 47, dated 15th October 1898, from the President of the Municipalities in the Kadur district, submitting the explanation called for in Government Proceedings No 1994-6—L. F. 119-97, dated 24th June 1898, in regard to the budget estimates of the several municipalities in the district for 1898-99.

No. 6493-5—L. F. 119-97, DATED BANGALORE, 23RD NOVEMBER 1898.

Paras 2, 4 and 6 of Government Proceedings.
Paras 2, 3 and 4 of President's letter.

ORDER THEREON.—The explanations furnished are accepted, and the estimates proposed under "I. Octroi," "III License receipts" and "VII Rents" are approved.

(2) *X. Miscellaneous (f) Land Revenue.*—The estimate of Rs. 200 entered under this head in the budget of Kadur is stated to be the revenue expected from the sale of building sites in the town and should therefore appear under the head "X Miscellaneous (a) Sale of houses and lands." The necessary transfer will be made accordingly. It has not been stated whether the estimates under this head entered in the budgets of Tarikere, Sringeri and Sakrepatna are also expected to be realized by the sale of building sites. The omission should be supplied. Meanwhile the estimates will stand.

Para 7 of Government Proceedings.
Para 5 of President's letter.

(3) *III. Collection (a) Octroi.*—If the increase of pay sanctioned to the Octroi establishment in Proceedings No. 14672-73—L. F. 119-97, dated 10th May 1898, is to be held in abeyance, it should be stated whether the provision made for the same may not be struck out. Pending information, the estimates will be retained.

Para 11 of Government Proceedings.
Para 6 of President's letter.

(4) *VII. Lighting.*—As per details now furnished, the amounts required on account of lighting the existing lamps in the municipalities of Yedahalli and Ajjampur are Rs. 132 and Rs. 130½ against Rs. 250 and Rs. 144, respectively, entered in the budgets of those towns. The necessity for the difference in each case has not been explained. Pending such explanation it will be shown under a separate sub-head "Other charges," as particularized in the following statement:—

Para 13 of Government Proceedings.
Para 7 of President's letter.

(5) VIII. *P. W. (a) Supervision.*—The provisions made under this head in the budgets of the below-noted municipalities will be reduced as specified against each, and the excess amounts will be shown under a separate sub-head "O. Reserve" pending the submission of a separate application for their utilization for sanitary works:—

Letter No. 356—28, dated 19th October 1898, from the President of the Municipalities Shimoga district, forwarding copy of a resolution of the Municipal Board of Shimoga, and requesting sanction to the payment of grants-in-aid of Rs. 24 per mensem for a period of six months, at Rs. 8 each to three indigenous medical men to whom many persons are reported to be resorting for treatment in Shimoga, and pointing out that the charge, *viz.*, Rs. 144 may be met out of Rs. 1,000 provided in the current year's Municipal budget under "XI Miscellaneous (b) Other items (9) unforeseen expenses".

No. 6706-7—L. F. 128-92, DATED BANGALORE, 28TH NOVEMBER 1898.

ORDER THEREON.—The grants-in-aid proposed in the above are sanctioned for a period of six months, the charge being met from the source pointed out by the President.

2. It is directed that periodical inspections of the work of the medical men should be held by a responsible Officer such as the Municipal President himself or one of his Assistants. At the end of the period the Deputy Commissioner is requested to submit an accurate report showing the number and the nature of the cases treated and the results attained.

Docket No. 1364—1124, dated the 30th May 1898, from the Deputy Commissioner, Shimoga district.

No. 3778—R. 1426, DATED BANGALORE, 30TH NOVEMBER 1898.

ORDER THEREON.—With the above docket, the Deputy Commissioner submits remission statements showing the particulars of irrecoverable arrears in the several taluks as shown below, and requests sanction to their being written off the accounts :—

		Rs.	a.	p.
1.	Channagiri taluk ..	169	3	3
2.	Honnali ,, ..	131	10	8
3.	Tirthahalli ,, ..	2,295	9	9
4.	Shikarpur ,, ..	985	1	7
5.	Shimoga ,, ..	2,333	10	10
6.	Kumsi sub-taluk ..	153	2	1
7.	Sorab taluk ..	281	0	3
8.	Sagar ,, ..	390	10	3
9.	Nagar ,, ..	354	6	8
	Total ...	7,094	7	4

2. Government observe that the Proceedings cited against case No. 5 of the Tirthahalli taluk, authorizing as it does a revision of the settlement of the inams already made, cannot be taken as a final order for the remission of the arrears due by the inamdars. The amount will, therefore, stand disallowed pending the final settlement of the inam.

3. If, as stated in the column of remarks against case No. 8 of the Sorab taluk, the sum of Rs. 31 realized from the sale of the land is deducted from the full amount of Rs. 103-9-2, including interest, there will be a balance of Rs. 72-9-2 and not Rs. 103-9-2 as erroneously put down in the statement. This discrepancy needs explanation, pending which the item will be disallowed.

4. Similarly, if the sum of Rs. 38-0-0, being the sale proceeds of the land referred to in case No. 14 of the Sagar taluk, is deducted from the total demand of Rs. 74-12-0, the balance to be remitted will be Rs. 36-12-0 and not Rs. 36-2-0 as shown in the statement. Further it is not clear how the holding was purchased for Government for Rs. 38 instead of for a nominal value. Pending receipt of explanation on these points the item will be disallowed.

5. The circumstances under which the remission of the mohatarfa tax amounting to Rs. 12-0-0, involved in case No. 38 of the Nagar taluk, is proposed are not clear. Pending receipt of a detailed report, the amount will be disallowed.

6. Deducting the amounts involved in the above cases, *viz.*, Rs. 1,739-11-2, from the total amount of Rs. 7,085-2-3, as corrected in this office with reference to the remarks made in paras 10 and 12 below, the balance of Rs 5,345-7-1 is sanctioned to be written off the accounts as per statement attached.

7. The remarks made against cases Nos. 5 to 7 relating to the Honnali taluk are not clear, inasmuch as the nature of the mohatarfa tax has not been explained. This should have been clearly specified.

8. With regard to case No. 9 of the same taluk, the circumstances under which Mr. Young prevented water being taken from the Segil channel to the defaulter's land should be fully reported for the information of Government.

9. It is not understood how full assessment on the land referred to in case No. 2 of the Tirthahalli taluk was charged on the land proposed to be given on *kowl* tenure, when the *kowl nama* itself was not accepted by the widow of the deceased defaulter and when the matter had not been finally settled. Further report is awaited.

10. The total amount recommended to be written off the account in the Shikarpur taluk has been altered to Rs. 984-7-7 from Rs. 985-1-7, with reference to details furnished in columns against cases Nos. 48 and 78. It is not clear if the defaulters concerned in cases Nos. 8, 10, 12, 14, 15, 16, 17, 20, 21, 22 and 24, and 39 to 44, and 47 to 52 of the Shikarpur taluk, are also dead as in cases Nos. 7, 37 and 47, the remarks made against which are said to apply to all these cases.

11. The amount of potgi payable to the defaulter annually in case No. 140 of the same taluk should have been specified to enable Government to judge whether timely steps had been taken to recover the arrears.

12. The total amount recommended to be written off the accounts in the Shimoga taluk amounts to Rs. 2,324-15-9 as per corrections in the margin effected in this office, and not Rs. 2,333-10-10 as given in the statement submitted.

Proceedings of the Government of Mysore

READ—

Letter No. 125—23, dated the 13th September 1898, from the Inspector of Agricultural Banks in Mysore, submitting a Memo on the inspection of the Agricultural Bank at Nallur, Channagiri taluk, received through the Deputy Commissioner, Shimoga district, under his endorsement, dated 28th idem.

No. 3428-9—R. F. 134-96, DATED BANGALORE, 22ND NOVEMBER 1898.

ORDER THEREON—Recorded with the following observations:—

Remarks made by the Inspector.	*Observations.*
Para 3. There were nineteen members at the beginning, and the Agent said that two members, E. Venkatappa and Moodligiriappa, resigned their membership. But no proceedings were passed accepting any such resignations.	This is wrong.
Para 4. Although nine general meetings have been held since the formation of the Bank, none of them has been confirmed and recorded by the Registrar of Joint Stock Companies in accordance with Sections 77 and 79 of the Companies Regulation.	This is an omission which should not be allowed to recur.
Para 5. No duplicate copy of the Memorandum and Articles of Association is filed in the Bank office. The Agent has been directed to obtain a duplicate copy from the Registrar of Joint Stock Companies in Mysore.	Yes; this should be done at once.
Para 6. * * * The Agent was paid his salary for doing Mutsaddi's work. Though a circular was issued drawing the attention of the Board of Directors that the Agent should not receive any remuneration as per para 57 of the Articles of Association, he was regularly paid Rs. 5 a month, whether there were any transactions or not during the month.	Irregular. The Agent should be made to refund the amount.
Para 7. * * * As per rule 54 of the Articles of Association no absolute punctuality in the repayment of loans was enforced. Eleven members were given loans to the extent of Rs. 6,800 in October 1896, the Agent Rs. 800 in November 1896, and P. Kristnachar Rs. 500 in January 1897. None of these has paid any instalment up to date, but the members pleaded that owing to scarcity in these parts, they had not paid the first instalment, and they would do so in December next without fail.	This should be insisted on. This should be looked into.
Para 8. (i) All the documents executed in favor of the Bank were examined. Member Halappa was paid Rs. 400 upon the hypothecation of some lands, the patta of which is in his brother's name. His attestation to the document should have been obtained. Likewise the khata of the lands hypothecated by Karibasappa is in the name of Sanna Veerappa, whose written consent should have been obtained.	This should be done. Ditto.
Para 8. (iii) * * * No discharged bonds were produced in connection with loans granted to Agent Tirumala Row. It is also not stated in the bond executed by Tirumala Row about the repayment of the loan by equal annual instalments.	Why? All this is highly irregular.

Para 8. (vi) * * *
The Board of Directors was warned to rectify the irregularities within 3 months and submit a report.

Too long a period. However, it has already expired. It is not known if the Deputy Commissioner has since satisfied himself that all the omissions and irregularities have been rectified. He is requested to submit a special report as quickly as possible for the orders of Government.

READ AGAIN—

Government Order No. 4640-76—Pg. F. 21-96, dated 5th October 1898, stating that advances under Codal Rules will be given to officials undertaking to build dwelling houses for their personal residence in the new extensions about Kadu Malleswara temple and Doddabasavannagudi, Bangalore City.

READ—

Memo Nos. 743—796, dated 15th October and 2nd November 1898, from the Comptroller, recommending the grant, to certain officials of his office, of one year's pay in advance to enable them to build houses in the extensions.

No. 3528-562—FL. 365, DATD BANGALORE, 28TH NOVEMBER 1898.

ORDER THEREON.—Considering the present state of public health in Bangalore, it is essential that material help should be readily given to public servants who wish to build houses in the new extensions. The Codal Rule provides for the grant of six months' pay to officials in advance to be liquidated in two years. In times of special urgency like the present when workmen cannot be secured without much difficulty, the cost of materials is high, and private loans can hardly be expected, the houses to be of any use must be completed and occupied as quickly as possible. Government cosider it desirable, that, under these special circumstances, the Codal provision should be temporarily relaxed, and an advance of one year's pay should be given to such public servants, including *menial servants*, as may come forward within the next six months to build suitable houses in the new extensions for their personal residence, the amount being liquidated in four years instead of two years, by 48 equal monthly instalments. Half the advance may be given at once, and the other half after the Deputy Commissioner has satisfied himself that the former has been fully spent upon the building.

2. Subject to the above exceptions, the rules contained in revised Article 136 of the Civil Account Code, Volume I, 5th Edition, will be generally applicable to the grant and recovery of these advances. The spirit of these orders will, for the time being, be enforced by means of the following general rule:—

"Considering the present state of public health in Bangalore and the special circumstances under which allotment of sites and grant of advances have to be made to officials for house building purposes in the new extensions about Doddabasavannagudi and Kadu Malleswara temple, Government are pleased to direct that, in modification of the instructions contained in Government Order No. 4640-76—Pg. F. 21-96, dated 5th October 1898, house building advances be made under the Codal Rules, subject to the following exceptions:—

(1) That advances be given to such of the officials and menial servants as are ready to build houses for themselves in either of the above two extensions.

(2) That the advance shall not exceed one year's pay in each case, to be given in two equal instalments, the first on application and the second after the former has been fully spent upon the building.

(3) That the advances be recovered by deducting monthly one forty-eighth part of the advance from the pay of the official or menial servant concerned".

Financial, dated 29th November 1898.

Letter No. 2607—812, dated Bangalore, 8, from the Comptroller to the Government of Mysore, submitting a review on the working of the Treasuries in the Province for the year 1896-97.

No. 3608—Fl. 368, dated Bangalore, 29th November 1898.

Order thereon.—Recorded with the observations as below.—

Review by the Comptroller.

As required by Article 1003 of the Civil Account Code, Volume II, I have the honor to submit the following review of the working of the Treasuries in the Province for the year 1896-97.

1. State Huzur Treasury.
Officer in charge.—
Mr. A. Virasami Mudaliar.

This is a reserve Treasury arranging for remittances into Madras Bank of all surplus cash from districts and supplying funds to these Treasuries whenever required and ordered by this office. It also supplies small coins and copper coins to the District Treasuries, on indents passed by me. All salary and establishment bills of head-quarter offices are also cashed here after pre-audit by this office.

Book transactions with Presidency Banks, Coutts & Co., and Her Majesty's Jamakerch Accounts are also passed through the accounts of this Treasury, in the case of the first two on detail instructions issued from this office, and in the case of the third on accounts received from the District Treasuries. No other revenue receipts or service payments appear in the accounts of this Treasury, which has the further advantage of being located in the same building as my office and of not being encumbered with any Sub-Treasuries.

The prescribed accounts and returns from this Treasury were received after an average delay of a day and half, but quite correctly. This slight delay might have been avoided.

Observations by Government.

Yes.

2. Bangalore District Treasury.
Deputy Commissioner.—
Mr. V. N. Narsimmiengar.
Assistant Commissioner.—
Mr. M. Annaji Row.

This Treasury has the heaviest transactions, and is responsible for 9 Sub-Treasuries. It is also provided with a correspondingly high scale of establishment.

The delay in the submission of the lists of payments is unsatisfactory as compared with Mysore and Shimoga, the transactions of which fairly approximate those of this Treasury as also the scale of establishment. Bills and Vouchers submitted, however, indicate careful scrutiny.

Yes.

3. Kolar District Treasury.—
Deputy Commissioners.—
Mr. C. Madiah.
Mr. A. Rangaswamaiengar.
Assistant Commissioner.—
Mr. V. Thyagaraj Iyer.

Like Bangalore this Treasury is responsible for 9 Sub-Treasuries, but the transactions are not as heavy. The average delay of about six days that has occurred in the submission of the lists of payments and accounts to this office, is therefore unsatisfactory. Bills and vouchers submitted show want of careful scrutiny.

This should have been avoided.

4. Tumkur District Treasury.—
Deputy Commissioner—
Mr. M. Narayan Rao.
Assistant Commissioner.—
Mr. Mir Kamaluddin Alikhan.

The number of Sub-Treasuries attached to this district is 8 but the transactions are light as compared with Kolar and Hassan where the scale of establishment provided is the same. The accounts and returns from this Treasury were received after an average delay of six days, which is very unsatisfactory; in the correctness of bills and Vouchers this district is fair as compared with the others.

Yes. It is hoped that the Deputy Commissioner will give suitable instructions and see that such delays do not recur.

5. Shimoga District Treasury.—
Deputy Commissioners.—
Mr. A. Rangaswamiengar,
Mr. B. K. Venkatavaradaiengar.
Assistant Commissioner.—
Mr. V. Honnappa Naidu.

This Treasury deals with 8 Sub-Treasuries, and it is satisfactory to find that the lists of payments and Treasury accounts were received during the year after an average delay of only four days; but the delay in submission of schedules and vouchers and errors noticed should be avoided in future.

Yes.

6. Mysore District Treasury.—
Deputy Commissioners.—
Mr B. K. Venkatavaradaiengar.
Mr. C. Madiah.
Assistant Commissioner.—
Mr. Hamza Hussain.
„ Shama Row.
„ Srenivasacharlu.
„ P. Sreenivasa Row.
„ Nunjaraj Urs.

This Treasury, in consequence of its being responsible for the transactions of 13 Sub-Treasuries, has the heaviest transaction, the number of vouchers and the subsidiary statements being the largest in the Province; and differs from every other District Treasury in having charges under almost all the budget heads. Almost all the charges debit-

able to Government House "Reception" and "Khedda operations" are made payable at this District Treasury.

In the punctual despach of the lists of payments and the Treasury accounts, this district is second only to Shimoga, though with regard to corrections in the accounts it is quite the reverse. The detention of the Objection Statement for an average of 54 days, while the prescribed period is only a week, is very unsatisfactory.

The Deputy Commissioner should see that this does not recur.

7. Hassan District Treasury.—
Deputy Commissioner.—
Mr B. G. Krishnaiengar.
Assistant Commissioners.—
Mr. Honnappa Naidu.
„ J. W. Knight.
„ T. Paramasiva Iyer.
„ Ameer Hassan.
„ B. Kesavaiengar.

The working of this Treasury, which has 7 Sub-Treasuries attached to it, is very unsatisfactory both in the punctual despatch of the lists of payments, Treasury accounts and the Objection Statements, and in the correctness of the accounts.

It is hoped that this will not be allowed to recur.

8. Kadur District Treasury.—
Deputy Commissioner.—
Mr. T. Weir.
Assistant Commissioners.—
Mr. V. N. Gopaliengar.
„ B. Ramaswamy.

With a small number (5) of Sub-Treasuries for whose transactions this Treasury is responsible, its working is unsatisfactory. Except in the disposal of Objection Statements, it compares most unfavorably with other districts.

It is hoped that this will not be allowed to recur.

9. Chitaldrug District Treasury.—
Deputy Commissioner.—
Mr. M. S. Narayana Rao.
Assistant Commissioners.—
Mr. C. Krishna Rao.
„ Kamaluddin Allikhan.
„ H. Hanumanthiah.

Being responsible for the same number of Sub-Treasuries as the Hassan District Treasury this Treasury compares favorably with the latter in all respects except in the correctness of the Treasury accounts.

This should receive better attention in future.

General Remarks.

In regard to omissions and mistakes in vouchers the numbers stand rather high in the districts of Mysore, Chitaldrug, Hassan and Kadur, while in the disposal of Objection Statements all the districts except Tumkur and Kadur have defaulted.

Government hope that there will soon be an improvement.

This being the first report, a comparison with previous years is not possible.

EXCISE

Proceedings of the Government of Mysore,

Read—

Report on the Administration of the Excise Revenue in the Mysore State for the year 1896-97, received with the Excise Commissioner's letter No. 1268—63, dated 11th August 1898.

No. 3374-408—Ex. 158, dated Bangalore, 19th November 1898.

Order thereon.—The office of Excise Commissioner was held by Mr. Purnaiya throughout the year 1896-97.

2. The total Excise Revenue under all heads amounted to Rs. 35,14,520 during the year under review against Rs. 36,14,716 in the previous year, resulting in a net decrease of Rs. 1,00,196. The principal sub-heads of revenue under Excise and the revenue derived fromeach of them are shown below :—

The principal sub-heads of revenue.	1895-96.	1896-97.	Difference.
	Rs.	Rs.	Rs.
Arrack (with local cess)	19,98,380	19,10,348	—88,032
Date Toddy (do)	15,25,780	15,09,348	—16,432
Bagani do (do)	16,841	18,673	+ 1,832
Ganja (do)	27,763	27,783	+ 20
Opium (do)	35,435	35,955	+ 520
Miscellaneous, consisting of Country Beer, Foreign Liquor, &c.	10,517	12,413	+ 1,896
Total ...	36,14,716	35,14,520	—1,00,196

3. *Incidence of Revenue.*—The incidence of the total revenue per head of population during the year under review was Re. 0-11-7 against Re. 0-11-11 in the year preceding, and was highest in the Bangalore district (Rs. 1-3-2) and lowest in the Shimoga district (Re. 0-7-3).

4. *Arrack.*—The total revenue under this head amounted to Rs. 19,10,348 or Rs. 88,032 less than in the year previous. The large decrease was due to the fall in the consumption of arrack owing to unfavorable season. The rates of still-head duty and price of arrack were the same as in the previous year.

The number of farm depôts in the Bangalore District decreased from 24 to 22, while the number of bonded depôts established by the Government contractors in the remaining partsof the State rose from 58 to 59.

The system of separate shops prevailed as in the previous year in the cities of Bangalore and Mysore and in the Kolar Gold Fields. There were 62 shops or one less than in the year preceding, while the number of shops under vend farms increased from 844 to 847. On an average, there was one separate shop to a population of 2,702, and one shop under vend farm to every 5,521 persons. The separate shops and the shops attached to vend farms taken together would give the ratio of one shop to every 19 villages, to every 5,328 inhabitants and to every 31 square miles of the State.

Arrack and other country spirits issued during the year were 515,668 gallons against 552,253 gallons, (including the Civil and Military Station,) while the quantity consumed in the State was 415,451 gallons or 28,383 gallons less than in the year preceding. The decrease in consumption was general throughout the State except in the Kolar Gold Fields, where there was an increase owing to the increased number of the laboring population for whom there was great demand. The largest decline, *viz.*, 8,196 gallons and 10,885 gallons, occurred in the districts of Bangalore and Kadur and is attributed to the high prices of food grains in the former and to the depression of coffee trade in the latter.

The incidence of consumption was highest as in the previous year in the Kolar Gold Fields, where it rose during the year so high as 232·8 drams from 204·8 drams in the previous year. There was a general fall in other localities, the largest being in the Kadur district, *viz.*, from 9·1 drams to 7·4 drams.

5 *Toddy (Date and Bagani).*—The system ofsale known as "Vend Rent System" continued to be in force during the year under review. In the case

of bagani toddy, which is confined to the malnad districts of Hassan, Kadur and Shimoga, the right of sale in each village was sold as usual to one of the villagers. The total revenue under "Toddy" was Rs. 15,28,021 against Rs. 15,42,621. The decrease is only apparent, as a much larger amount of previous years' arrears was collected and included under "Receipts" during 1895-96 than in the year under review. There were 3,040 date toddy shops against 3,044, which gives one shop to every 1,593 persons. The quantity consumed in the State was 15,065,402 gallons against 15,089,728 gallons in the previous year. Proper steps should be taken to obtain correct statistics of consumption as the present figures are reported to have been compiled on somewhat doubtful data. There was a slight improvement under Bagani Toddy.

6. *Ganja.*—Very little ganja was grown in Mysore in 1896-97, and a quantity of 3,130 maunds was imported from the neighbouring British districts against 2,102 maunds in the previous year. The number of wholesale and retail shops increased from 64 to 66 and 161 to 174, respectively, and the total consumption of ganja and majum, was 73,575 seers or 7,106 more than that of the previous year.

7. *Opium.*—The quantity required for consumption in the State was obtained as usual from the British stores in Malwa. The quantity purchased by Government during the year under review was 5,683 seers of the aggregate value of Rs. 18,861, while that consumed amounted to 3,622 seers. The gross revenue under "Opium" aggregated Rs. 40,513 against Rs. 42,032 and the net profit to Government, after deducting the cost price and other import charges, amounted to Rs. 21,682 against Rs. 25,624 in the previous year. There were 103 retail shops or 7 more than in the year preceding.

8. *Miscellaneous*—Country Beer.—There were three taverns in the Bangalore city and the supply required for them was obtained from Messrs. Leishman & Co., Niligiris. The country beer consumed in the State during the year was 7,344 gallons or 1,741 gallons more than in the previous year, while the revenue derived from the duty at two annas a gallon and the rental amounted to Rs. 1,248.

9. *Foreign Liquor.*—The quantity of foreign liquor sold in various classes of shops amounted to 37,661 gallons against 19,808 gallons including local double-distilled spirits. The largest increase occurred in the Kolar Gold Fields, where it rose from 11,327 gallons to 29,055 gallons. The revenue under "Foreign liquor" which is derived from license fees aggregated Rs. 2,047, being nearly the same as in the previous year.

10. *Preventive and Detective Work.*—Three hundred and sixty-seven cases affecting 510 persons were prosecuted during the year against 343 affecting 503 persons in the previous year, while the percentage of convictions to the number of persons prosecuted was 85·1 against 84·6. Of the total number of offences, 6 were cases of illicit distillation, 8 of smuggling or contraband liquor and ganja and the rest were mostly breaches of license rules.

11. *Total Excise Revenue.*—The total demand under all heads of Excise Revenue, including arrears of past years, amounted to Rs. 36,33,059. Of this, Rs. 35,14,520 were collected and Rs. 9,674 remitted, leaving a balance of Rs. 1,08,865. The greater portion of this balance, *viz.*, Rs. 1,03,780 is again under "Toddy" a fact already observed in the previous year's review and requires the prompt attention of the Deputy Commissioners especially those of Mysore and Kolar where heavy arrears are outstanding. The expenditure during the year amounted to Rs. 2,41,189 against Rs. 2,20,054 There was thus a surplus of Rs. 32,73,331 as compared with Rs. 33,94,662 in the year preceding. The increased expenditure was due to certain arrangements made in connection with the contemplated introduction of the Tree Tax System of administration of the toddy revenue.

12. *General Remarks.*—More attention should be paid to the raising of date plantations. The work reported to have been done in this direction during the year under review, is very little.

READ—

Letter No. 1477—76, dated 19th August 1898, from the Excise Commissioner in Mysore, soliciting that, as applications have been received from certain Inamdars for advances on account of their toddy revenue for 1897-98, orders may be passed authorising the payment of such advances, and stating that in paying them, tree-tax together with local cess thereon, has to be excluded, as, in accordance with Secretary's docket No. 4090—Ex. 149, deated 6th November 1897, the tree-tax on trees in alienated villages has been credited to Government, pending final orders on the subject.

ALSO—

Letter No. 3433—164, dated 15th November 1898, from the Excise Commissioner in Mysore, soliciting early orders on the above.

No. 3647-56—Ex. 178, DATED BANGALORE, 30TH NOVEMBER 1898.

ORDER THEREON.—Government are pleased to authorize the Deputy Commissioners to make to Inamdars entitled to toddy revenue, advances for the year 1897-98 similar to those ordered for previous years. These advances will, as heretofore, be subject to future adjustment, and tree-tax together with local cess thereon should, as suggested by the Excise Commissioner, be excluded therefrom, pending the final decision of Government on the question.

2. A detailed statement, showing the advances made on the authority of this order, should be submitted for the information of Government.

FOREST

Proceedings of the Government of Mysore,

READ—

The following letter No. 1094—73, dated the 9th September 1898, from the Conservator of Forests in Mysore:—

In continuation of my letter No. 3936—231, dated the 18th February 1898, and Orders of Government conveyed in Proceedings No. 8528—Ft. F. 31-95, dated 14th March last, I have the honor to further submit, for the information of Government, a statement showing the quantity of sandalwood sold subsequent to the auction sales held in last November and December, the rate obtained for each description of wood, and the amount realized.

2. Including these (subsequent) sales, total quantity (excluding that sold monthly in *retail*) disposed of was 1,656 tons 17 cwts. 53 lbs. 8 oz. realising Rs. 6,14,997-9-5, which is short of the budget estimate for the past official year by only Rs. 91,102, which is fully represented by the stock remaining unsold in the kotis at the close of the official year.

3. As applications for sandalwood were received from Messrs. Volkart Brothers and others who get orders from England and elsewhere at all times of the year, these subsequent sales were effected not only to encourage these large buyers but to clear our koti of old stock to make room for wood arranged under the new classification.

4. It will be observed that rates have been fully maintained, the minima fixed for auction having been raised by 5 per cent for whole of a class and 10 per cent for selected lots, and, I think, under the circumstances prevailing in Bombay, and with a comparatively high exchange, the result representing a rate of nearly Rs. 390 per ton all round, may be regarded as eminently satisfactory.

Statement showing the quantity of Sandalwood sold after the auction sales, the rates secured for each description, and the amount realized.

To—The Conservator of Forests in Mysore.

READ—

The following correspondence ending with letter No. C. 6, dated the 6th October 1898, from the Conservator of Forests in Mysore:—

In continuation of my No. 1049—67 of 6th ultimo, I have the honor to enclose copy of a report from the District Forest Officer, Mysore, on the Punjur-Bedagulighat road, of which he has finally taken charge.

I went over the road with him and Mr. Morris on the 3rd instant, and can fully endorse all that Mr. Narayan Rao says of it.

2. It is an excellent road, and does Mr. Morris great credit both as regards the alignment and good solid work put into it.

There are no sharp gradients, curves or zig-zags, and all the streams are crossed either on bridges or culverts. As a proof of this I drove the last six miles in a dogcart, and were it not for the occurrence of some land slips on the 11th mile, due to the exceptionally heavy rainfall which will be referred to further on, the road would be drivable in a carriage and pair throughout its length of 13 miles.

3. As stated in my former letter, Mr. Morris has produced accounts showing an aggregate expenditure of Rs. 18,000, and I consider there is good value for that amount. A less experienced and practical contractor might have spent double the sum without securing such good results.

Under these circumstances, I have, in anticipation of Government sanction, requested the District Forest Officer to disburse to Mr. Morris a further sum of Rs. 4,000, which will make Rs. 12,000 in all paid by Government towards the construction of the 13 miles of road, whilst Mr. Morris contributes Rs. 6,000.

4 As regards maintenance, Mr. Morris, at my request, kept accounts of his expenditure, which has been heavy, especially in September, owing to the exceptionally heavy rainfall which was 24 inches in that month, compared with an average of 11 inches, causing several landslips, which must be expected in a new ghat road.

The account for labor, blasting of boulders, &c., came to Rs. 1,510, from which Mr. Morris agreed to deductions, amounting to Rs. 210, leaving Rs. 1,300 due by Government, of which Rs. 300 has been paid as an advance, and I have authorized the District Forest Officer to pay the balance of Rs. 1,000, in anticipation of Government sanction.

5. Provision for the ordinary maintenance is within my competence, and I have arranged with Mr. Morris to undertake it at Rs. 100 per mile for the remaining nine months of the current official year, and Rs. 125 per mile for 1899-1900. The rates are high, but circumstances are peculiar, and the expenditure during the first two years is bound to be heavy. Mr. Morris will give his services and those of his assistants gratis, and if only in his own interests, is sure to keep the road in thorough order in which he binds himself to hand it over at end of June 1900, when the annual maintenance can probably be reduced to Rs. 75 or even Rs. 50 per mile.

6. But he points out that a check channel or drain on upperside throughout the entire length, is essential to the safety of such a road. This was not thought of when the original estimate was framed, but Mr. Morris has gained experience and is now providing such a safeguard throughout the continuation of the road running through his estates. The last mile of the Government road in the plains is already provided with such a channel, in accordance with the original agreement.

His estimate for 12 miles at Rs. 150 per mile is Rs. 1,800, of which he agrees to contribute $\frac{1}{3}$rd or Rs. 600. I think this is reasonable and a favorable arrangement to Government, and as Mr. Morris would not undertake the maintenance of the road without it and the present season is favorable for the work, I have sanctioned the expenditure of Rs. 1,200 on the work to be completed by end of December to the satisfaction of the District Forest Officer.

7. To recapitulate, the amounts for which I solicit early sanction of Government are as follows:—

	Rs.
Supplemental contribution towards construction of the Punjur-Bedaguli road	4,000
Supplemental contribution towards construction of the Punjur-Bedaguli road for catch drain or channel	1,200
Special allotment for maintenance and repairs up to 1st October 1898 ...	1,300
Total ...	6,500

Provision for which and ordinary maintenance charges referred to in para 5, can be made by re-appropriations in the Forest Budget allotments.

Forests, dated 4th November 1898.

8. In conclusion, I would solicit the attention of the Mysore Government to the enclosed copies of correspondence between Mr. Morris and the Collector of Coimbatore with regard to the widening and maintenance of the continuation of the road in British Territory from Attikan towards Kollegal. Although the Punjur-Bedaguli road is primarily a forest road, the fact that it would be extended and afford means of communication between the Chamrajnagar taluk in Mysore and the Kollegal taluk in Coimbatore, was always an important factor on which I laid stress in para 3 of my letter No. 1871—160 of 30th November 1896, on consideration of which the opening out of the Punjur-Bedaguli trace into a cart road, was sanctioned in Proceedings No. 6117-18—Ft. F. 10-96 of 6th January 1897. Mr. Morris was then engaged on the trace, to which he alludes as the Gundila Valley road on behalf of the Madras Forest Department, and was sanguine that that also would be converted into a cart road, so as to establish through communication by carts from Punjur and the surrounding country to Kollegal and intermediate villages in that taluk, the only route to which from Chamrajnagar taluk now lies through Yellandur, where the soil is very unfavorable to road making, crossing the Hanballe River near its junction with the Cauvery where it is unbridged and frequently impassable for days. On my recent visit, however, I found the Gundila Valley trace not only unwidened but uncared for and being rapidly overgrown.

The reason is given in the Collector of Coimbatore's letter of 26th April last to Mr. Morris.

In view of the importance of the matter to Mysore interests I venture to suggest that the Madras Government may be urged to give it favorable consideration and allot the necessary funds at its earliest convenience.

ENCLOSURE I.

Docket No. 116 (Camp), dated 4th October 1898, from the District Forest Officer, Mysore district.

His docket Nos. 3344–357 and 4821–490, dated 14th January 1898 and 2nd May 1898, respectively, forwarding copies of letters from Mr. Morris about the expenditure incurred by him in the construction of Punjur-Bedaguli road, with a request that the matter may receive attention in connection with the inspection and report on the road.

In reply, has the honor to state that Mr. Morris has completed all the work that had not been done at the time of last inspection by the undersigned on 10th April 1898.

2. As was arranged with him, the road was again inspected from 30th September to 3rd October 1898, and it was taken over on the 1st instant. The recent heavy rains have done considerable damage to the new section of the road by landslips and washing away portions of two bridges and made earth and stones of some revetments, which Mr. Morris has promised to set right at once. It was also pointed out to him that some portions of the cutting in the new section was vertical and it should have been sloped. Wherever he has not paved the flooring of the culverts with stones he has agreed to repair the damages if caused within two years of the completion of the road in accordance with the agreement executed by him.

3. The diversion from the original proposed line made to avoid zig-zags and to obtain easy gradients has caused the road to be one mile longer than was originally estimated, and there was heavy blasting work which was not originally thought of. Hence there is no question that the expenditure for the construction of the road has greatly exceeded the sanctioned amount. Taking into consideration the satisfactory work done by Mr. Morris in the construction of this difficult ghat road in a place where labor is dear, he deserves every concession to be shown in disposing of the question mooted in the above.

ENCLOSURE II.

Letter from Mr. Randolph H. Morris, Attikan Estate, Chamrajnagar, Mysore to the Collector of the Coimbatore district, dated 18th April 1898:—

I have the honor to request that the Gundila Valley road, from Attikan to the junction with the main road at the 8th mile stone from Kollegal, a distance of 21 miles, may be widened sufficiently to allow of through cart traffic. I beg to lay before you the following reason for, and arguments in support of, what I ask:—

The Mysore Government have contributed up to date over eighteen thousand rupees (Rs. 18,000) towards the opening of a cart road from Punjur, on the Mysore-Coimbatore high road, to Bedaguli Estate boundary, a distance of 13 miles. From thence to Attikan, a distance of 4 miles, I have, at my own expense, continued this cart road. Thus cart traffic is now established from Punjur to Attikan, a distance of 17 miles. A total of about Rs. 30,000 (thirty thousand rupees) has been expended on this portion, and a most excellent carriage road is now open.

The Gundila Valley road which was made by me for the Forest Department (North Coimbatore) last year at a cost of Rs. 10,000, is a direct continuation, straight northwards of the Punjur–Attikan road, and, if widened by six feet, through cart traffic from the Kollegal plateau, that is to say, from the town of Kollegal itself, and more particularly from the villages to the east of Kollegal, will be established to the villages in the Satyamangalam taluk above the ghat, and to the town of Satyamangalam below the ghat.

I respectfully submit that, looking at the matter from a broad public standpoint, it is surely advisable to have through cart traffic when three miles at one end, and seventeen miles at the other end, are already open for carts, while 18 miles (the intervening portion) only requires to be widened by some six feet throughout; and the desired object will be effected, there being easy carriage gradients the whole way. Until the widening is carried out, the general public derive little or no benefit from the Rs. 40,000 that has been spent. Moreover, with the sanctioning by Government of the projected Nanjangud-Erode Railway, the great importance of a feeder cart road in this almost roadless tract of country is surely immediately evident.

So much I have written from a general public point of view, but perhaps I may say, with advantage, a few words on my own behalf. Eleven years ago I commenced opening out coffee property in Coimbatore (North), and I have spent, out of my own pocket, seventeen thousand rupees (Rs. 17,000) on roads and communications outside my *estate* boundaries. I ask you to allow this fact to weigh in considering my present request.

ENCLOSURE III.

Letter No. 277, dated 26th April 1898, from J. A. Cumming, Esq., Acting Collector of Coimbatore, to R. H. Morris, Esq., Attikan Estate, Chamrajnagar, Mysore.

In reply to your letter dated 18th April 1898, I have the honor to inform you that proposals were made by the Forest Department to open out a portion of the road you refer to, but that the amount provided was struck out by the Board of Revenue as funds were not available for this year.

No. 3216-7—Ft. F. 10-96, dated Bangalore, 4th November 1898.

Order thereon.—The Conservator has satisfied himself that the total cost of constructing the road in question was Rs. 18,000 which is Rs. 6,000 in excess of the original estimated cost, and that the excess was due to the necessity of having to increase the length of the road by one mile, to the removal of boulders, and to blasting, &c. He reports that, in anticipation of sanction, he has paid Mr. Morris Rs. 4,000, being two-thirds of the excess. Government approve of his action in this matter as also the arrangements made by him for maintaining the road during the next two years.

2. A supplemental grant of Rs. 1,200 for a catch drain or check channel on the upper side throughout the length of the road, and a special allotment of Rs. 1,300 for maintenance and repairs up to 1st October 1898, are sanctioned, making a total supplemental grant of Rs. 6,500 for the road in question.

3 The necessary re-appropriations will be effected in communication with the Comptroller.

4. The suggestions of the Conservator in regard to the extension of the road to the Coimbatore district will receive consideration in due course.

READ—

The following letter No. 1035—03, dated the 5th September 1898, from the Conservator of Forests in Mysore :—

I have the honor to state that the District Forest Officer, Mysore, suggested in August 1896, through the Deputy Commissioner of the district, that the Bandipur District Forest, about 22 square miles in extent, which has been surveyed and mapped separately by the Survey Department, should be transferred from the Revenue Department and placed under the control of the Forest Department on the ground that, as the forest is situated on the frontier in the south-east corner of the Gundlupet taluk adjoining Coimbatore and Nilgiri districts, illicit fellings and removal of timber and minor forest produce were being carried on with impunity, besides grazing of cattle from all parts, with danger of utter denudation of the whole area at no distant date.

2. The District Forest Officer reported that the forest under reference contains honne, teak, matti, dindiga, gall-nut and other trees yielding timber and minor forest produce ; that, as cattle graziers remained in it with their cattle for many months in the year, they had ample opportunities for preparing and smuggling timber by floating it down the Sometihalla and other tributaries of the Mayar River during the rainy season to places in the Coimbatore district ; that a case of smuggling of a large quantity of timber had actually, though accidentally, been found out and convicted; and that the protection staff of one Forester and four watchers entertained for the Bandipur State Forest could not possibly look after the District Forest as well, as the latter is isolated from the former and remote from public roads. The then Deputy Commissioner Mr. Venkatavaradaiengar concurred with the District Forest Officer (Mr. Abdul Karim).

3. In reply, I informed the Deputy Commissioner that I fully agreed with him and the District Forest Officer in regard to the expediency of the measures proposed, and had no objection to give effect to them in anticipation of approval of Government if the Deputy Commissioner deemed immediate action necessary, though, as I pointed out to him, such a transfer of the management of a District Forest from the Revenue to the Forest Department could, strictly speaking, only be ordered by Government in accordance with Sections 6 and 16 of the Forest Rules of 1878, although my predecessor had been in the habit of acting under the spirit of para 9 of Government Proceedings No. 619—Rev. 19 of 27th April 1881. I also sanctioned the entertainment of a Forester on Rs. 15 and four watchers on Rs. 6 each, to be borne on working charges. At the same time I suggested that in any case draft Notifications setting forth the boundaries of the Forest should be prepared without delay, along with statements of all existing rights of way or to water or any other undoubted rights within the said boundaries, which, the Deputy Commissioner might consider, should be respected, in view to Government being eventually moved to notify the transfer of such area from District Forest and its constitution as State Forest, subject only to any rights above referred to.

4. In accordance with the above instructions, the Forest has been regularly settled by Assistant Commissioner Mr. N. Venkata Rao, and, as slightly modified by Mr. Madiah, covers an area of 15,070 acres or about 23½ square miles as shown on the margin, which it is proposed to notify as a State Forest under the name of Mysore State Forest. The lands taken up are all unassessed waste, and the Settlement Officer remarks that no inconvenience or hardship will be caused to the villagers in the vicinity by the proposed reservation. Certain conditional rights of way and to water are specified in the draft Notification, and there appear to be no other rights or privileges within the area specified.

READ—

The following letter No. 836—54, dated the 26th August 1898, from the Conservator of Forests in Mysore:—

I have the honor to submit for orders of Government the settlement record of the Muthodi State forest extension and the Kagemanegiri forest in the Chikmagalur taluk of the Kadur district, proposed, settled, and preliminarily demarcated prior to constitution as State Forests, and to request that, if approved, the accompanying boundary statements of those two forests may be notified in the *Gazette* at an early date.

I beg to submit also the marginally noted papers with the request that the alienation of gomal and assessed lands taken up for inclusion in the proposed State Forests may be sanctioned by Government.

(1) Register of complaints of raiyats in connection with the settlement of the forests.
(2) Alienation statement of assessed lands.
(3) Statement of gomal lands taken up.
(4) A rough sketch of the forests.

2. I beg to bring to the notice of Government that, in the settlement of the forests under reference, I have endeavoured with the assistance of Mr. Weir, late Deputy Commissioner, Kadur, who always took much interest in Forest matters, to secure a more thorough and methodical enquiry and settlement than has been customary in Mysore, at all events, in recent years, in which connection the marginally noted correspondence is forwarded for information of Government. The District Forest Officer, Mr. Heera Singh, objected to certain settlements arrived at by the Forest Settlement Officer (General Assistant Commissioner, Mr. Kumarasami Naik) and moved the Deputy Commissioner for a revision. Mr. Weir, finding that there were no enactments or rules to guide forest settlements in Mysore and not being sure of his authority to interfere in the matter, asked me for instructions as to whether the decision of the Settlement Officer was final or whether the Deputy Commissioner can entertain any appeals against such decisions either from the villagers concerned or from the District Forest Officer, and revise them. I replied that, in my opinion, the Deputy Commissioner was quite competent to hear and decide such appeals in the interests of both the villagers and the Forest Department, and that in the absence of definite rules having the force of law, we should act under the spirit of the Mysore Administration and be guided by expediency. Mr. Weir was pleased to accept my views and disposed of the appeals accordingly. Such difficulties will be removed when my draft Forest Regulation before Government is approved and brought into force.

(1) No. 1135 of 3rd February 1898, from Deputy Commissioner, Kadur.
(2) 3822—184 of 11th February 1898, to Deputy Commissioner, Kadur.
(3) 397 of 28th February 1898, from Deputy Commissioner, Kadur.

Meanwhile, I beg to suggest that, pending the introduction of the Forest Regulation, the principles and procedure of forest settlement, which I have endeavoured to explain to Mr. Weir, in my letter No. 3822—184 of 11th February last, may, if approved, be communicated to all Deputy Commissioners for their information and guidance.

No. 3313-5—Fr. F. 39-96, DATED BANGALORE, 15TH NOVEMBER 1898.

ORDER THEREON.—The Government are pleased to direct that a Notification as hereunder be published in the *Mysore Gazette*, and to approve of the instructions issued by him to the Deputy Commissioner, Kadur, on the subject.

2. The Conservator is requested to arrange for the proclamation of the demarcation and boundaries of the forests in question being made in the taluk in which they are situated as required by Section 9 of the Forest Rules of 1878.

3. With regard to Survey No. 16 in the Madla village, the Deputy Commissioner, in overruling the decision of the Settlement Officer to exclude it from the proposed extension, says that its inclusion is necessary for the sake of continuity of the boundary line, but that such inclusion will not preclude darkhastdars from applying for the same hereafter. As it is inconvenient to attach such conditions, the said survey number will be included within the State Forest once for all and unconditionally.

4. Certain assessed lands of the Hipla village, which have been proposed to be included in the forest, have not been embodied in the alienation statement received with the settlement records. This is apparently an omission due to an oversight. A supplemental statement should be submitted early.

5. The sketch map received does not show the number and position of each survey number or portion thereof taken up so as to tally with the boundary statement. The Conservator is requested to submit a revised sketch for record in this office.

6. The alienation of the marginally noted assessed lands is sanctioned and the assessment thereon amounting to Rs. 360-12-0 will be written off the accounts.

Docket No. 3994—1185, dated 28th May 1898, from the Deputy Commissioner, Kolar district, forwarding for the orders of Government, the following copy of letter No. 37, dated 13th April 1898, from the Sub-Division Officer of Chikballapur.

With reference to Government Proceedings No. 2842—P. F. 14-96 of the 14th September 1897, laying down the principle that every raiyat either holding land below a tank or living in the village in which the tank is situate, is liable to do the work of maintenance, proportionate to the amount paid to Government for his land or house, &c, I have the honor to solicit instructions as to what data should be observed in the case of those who do not pay any tax to Government as illustrated in the following hypothetical statement :—

Petition of Appeal No. 596—A 22 of 1897-98, presented by plaintiff Venkatakrishnaiya of Sivasandra in the Gubbi taluk, against the decree of the Deputy Commissioner, Tumkur district, declaring that he is entitled to $\frac{1}{4}$th share in the shanbhog's hak of Nittur and ten other villages, but refusing to put him in charge of a proportionate number of villages.

(2) Petition of Appeal No. 1079—A. 30 of 1897-98, presented by Venkatadasappa and Venkatramanaiya,* 2nd and 3rd defendants in the case, against the same decree, contending that plaintiff was not entitled to the $\frac{1}{4}$th share claimed by him.

(3) Correspondence ending with letter No. 32, dated 8th July 1898, from the Deputy Commissioner, Tumkur district—

In reply to Government Proceedings No. 4835—Pt. 664, dated 3rd December last, regarding the shanbhogship of Nittur and ten other villages in the Gubbi taluk, I have the honor to state that the eleven villages forming the subject of Revenue Appeal No. 3 of 1896-97 (Venkatramanaiya and Venkatadasappa *vs.* Venkatakrishnaiya) on the file of this Court, were divided into four charges at pakka potigi settlement as detailed below :—

Vide Exhibit D in the records.

	Villages.			Potigi amount. Rs. a. p.
Charge No. I	1. Nittur 2. Babiganhalli	... ...	... ...	69—4—0
„ No. II	1. Kenchanahalli 2. Ammanahalli 3. Bandihalli 4. Kurihalli	... ...	... .	49—8—0
„ No. III	1. Matigatta 2. Nandihalli 3. Parasanahalli 4. Pura	... ...	... ...	63—12—0
„ No. IV	1. Nittur Amanikere	...	...	81—12—0
		Total	...	264—4—0

2. At present, the 1st, 2nd and 3rd defendants alone hold these eleven villages as noted below :—

1st defendant Sinappa, five villages.
1. Nittur.
2. Babiganhalli.
3. Karehalli.
4. Parasanhalli.
5. Kenchanahalli.

2nd defendant Venkatadasappa, one village.
1. Nittur Amanikere.

3rd defendant Venkatramanaiya, five villages.
1. Matighatta.
2. Ammanahalli.
3. Bandihalli
4. Pura.
5. Nandihalli.

3. Plaintiff Venkatakrishnaiya's claim, as set forth in the plaint, was for the registry and transfer in his name of as many villages out of the eleven in dispute as would give him a remuneration of $\frac{\text{Rs. } 264\text{-}4\text{-}0}{4}$ =66-1-0. He did not ask that one of the four charges might be given to him, and, as it was not considered necessary to re-distribute the existing charges, so as to constitute one with a remuneration of Rs. 66-1-0 for the sake of the plaintiff, the decree of the Appellate Court directed that "no immediate relief could be given him by transfer of the duties of any of the villages to him."

4. If Government so desire, I see no objection to the appointment of a separate officiator for each of the four charges constituted by the pakka potigi settlement and mentioned in para 1 above. I would propose the following distribution if the arrangement made by the Deputy Commissioner in 1880 and 1886 is now to be revised :—

			Rs. a. p.
To 1st defendant Sinappa as representing No. 1 family.	Charge No. I.	1. Nittur. 2. Babiganhalli.	69—4—0
	Charge No. III.	1. Matighatta. 2. Nandihalli. 3. Parasanhalli. 4. Pura.	63—12—0
		Total ...	133—0—0

To 2nd and 3rd defendants Venkatadasappa and Venkatramanaiya as representing No. 2 family.	Charge No. IV.	1. Nittur Amanikere.	Rs. a. p. 81—12—0
To plaintiff Venkatkrishnaiya as representative of No. 3 family.	Charge No. II.	1. Kenchanahalli. 2. Ammanahalli. 3. Bandihalli. 4. Kurihalli.	49—8—0

5. This arrangement would deprive the 2nd and 3rd defendants of a large portion of their present income. Objections to the proposed distribution on the part of the 2nd and 3rd defendants might be invited and heard before it is finally sanctioned.

6. The records connected with the case are herewith returned.

FACTS OF THE CASE.

The plaintiff and the three defendants are descended from a common ancestor (Dasappa) who was the hakdar shanbhog of Nittur and ten other villages.

2. According to the Register of 1864, five of the villages were registered in the name of Lakshmaiya, father of the 1st defendant, two in the name of Venkataramanaiya, grand-father of the 2nd and 3rd defendants, and three in the name of Lakshmaiya, father of the plaintiff, while the remaining village was registered in the names of all the three.

3. Lakshmaiya, father of the plaintiff, was, however, the officiator shanbhog of all the villages till his death in 1870-79, when he was succeeded by his son Venkanna, brother of the plaintiff.

4. Venkanna was convicted in April 1880 of embezzlement of Government money and dismissed the service. In July 1880, the Deputy Commissioner sanctioned a re-distribution of charges, under which by succession and transfer, the 1st defendant came to hold in 1890 five villages, the 2nd defendant one village, and the 3rd defendant the other five villages.

5. In December 1895, the plaintiff brought a suit in the Extra Assistant Commissioner's Court for a declaration of his right to ¼th share in the shanbhogi hak and for being put in charge of as many villages as would yield ¼th of the total potigi. The 1st defendant admitted the plaintiff's claim and did not contest the suit. The Assistant Commissioner decreed the claim, but left the question of putting the plaintiff in charge of a specific number of villages to be decided in the course of execution. The 2nd and 3rd defendants appealed against this decree to the Deputy Commissioner, and contended that the plaintiff's family had lost the hak in 1880, and that the suit was barred.

6. The Deputy Commissioner found that the plaintiff was a minor in 1880 and had brought the suit within three years of his attaining majority, and that no declaration of forfeiture of hak was issued by competent authority in 1880. He accordingly rejected the appeal but modified the Assistant Commissioner's decree by recognizing the plaintiff's hak to a fourth share in the shanbhog-ship of the eleven villages referred to above, and refusing to disturb the existing arrangement by a transfer of the duties of any of the villages to plaintiff until the occurrence of a vacancy.

7. Against this decree both the parties have appealed to Government.

8. The plaintiff urges that, as the eleven villages have been divided into six charges, and there are only three officiators, he should be put in possession of at least one.

9. The 2nd and 3rd defendants put forth the same grounds as those urged before the Deputy Commissioner.

No. 3143-50—P. F. 33-98, DATED BANGALORE, 2ND NOVEMBER 1898.

ORDER THEREON.—The Government concur in the reasons given by the Deputy Commissioner in his judgment for holding that plaintiff's suit is not barred by limitation, and that he is entitled to the ¼th share claimed by him. It is observed that the eleven villages were divided into four firkas at the potigi settlement in 1886-87 and that the present division into three charges is unauthorized. In making the distribution, the provisions of Rule XXIX of the Potigi Rules quoted in the margin appear to have been lost sight of. As there are four firkas and only three officiators, the Deputy Commissioner will be requested to put the plaintiff in charge of the smallest of the firkas under the Rule aforementioned.

"The charges of shanbhogs will be re-distributed so as to give each officiator as many villages as he is capable of managing. When more villages than form a sufficient charge are already in the hands of an officiator, he will be required to give up the surplus villages, for which one or more new officiators will be appointed by Government. The new officiator or officiators will be appointed from the family in which the *hak* has been hitherto vested, if a competent person can be found."

(1) Petition No. 15, dated 29th June 1898, presented by Kempegowda of Janivara, Channarayapatna taluk, appealing against the order of the Deputy Commissioner, Hassan district, directing the levy from the petitioner of the amount realized by him by the sale of the cattle droppings in the bed of the Janivara tank, which had been leased to him for hulbanni.

(2) Letter No. 279, dated 28th September 1898, from the Deputy Commissioner, Hassan district, reporting on the above:—

With reference to Official Memorandum No. 93, dated 3rd August 1898, calling for submission of entire records connected with the case of Kempegowda of Janivara village, Channarayapatna taluk, have the honor to submit the following report:—

1

2. The appellant Kempegowda has, for the past several years, been the auction purchaser at the annual hulbanni sale of the Janivara tank bed, in which the cattle of the villages of Janivara, Kalenahalli and Chowdahalli used to graze. In the year 1895, one Muhammad Sabi presented petitions, both to the Amildar and the Deputy Commissioner, complaining that Kempegowda had wrongfully leased to one Thimmachar for a yearly rent of Rs. 4, the right of collecting the cattle droppings on the Janivara side of the tank bed and asking, for an annual gutta of Rs. 5, the droppings on the Kalenahalli side of the bed. On enquiry, it was ascertained that Kempegowda was in the habit of leasing out to others the right of collecting the droppings on the ground that he had right to graze the cattle in the tank bed as the auction purchaser in the hulbanni sale.

3. The Amildar, having in view Government Proceedings No. 6023-31—128, dated 29th January 1895, was of opinion that Kempegowda was liable to pay to Government the amount which he recovered from others as the sale proceeds of the cattle droppings, and submitted the records to the Deputy Commissioner for orders. Thereon, the Deputy Commissioner passed the order appealed against, to the effect that only the right of grazing cattle in the tank bed vested in the auction purchaser or the raiyats, that neither of these have any right to sell the droppings to others, and that as a long time had elapsed, he should be made to pay to Government the amount he had collected on account of the gutta of the droppings. In executing this order, the Amildar took steps to recover from the appellants the amounts proved to have been collected by him from others in respect of the sale of the droppings. Hence the appeal under report.

4. The vernacular records ending with the Channarayapatna Amildar's No. 244, dated 1st September 1898, are herewith submitted, as also the enclosures received with the Official Memorandum

No. 3591-7—Pet. 453, dated Bangalore, 29th November 1898.

Order thereon.—Deputy Commissioners of Districts are requested to report the practice prevailing in their Districts regarding the disposal of cattle droppings in unoccupied waste lands leased out for hulbanni.
